In Jack's working cabinet the same day - 14:08

Hello my friend…

What is the strange voice I hear in my head? Am I dreaming again?

No, you are not dreaming. I'm your canvas that is lying on the table. Do you see me?

Yes, I see you… who are you?

I am the Magic Canvas.

How did you get here?
I hear your voice in my head...
You can talk???

Yes, I can talk

I think I'm going crazy

No, you're not going crazy, believe me

A canvas is asking to believe him... Great!!!...

First Jess, then a canvas... What is going on with me?

The thing is that I know about Jessica. I know exactly where she is, and I can help you to get her out of there.

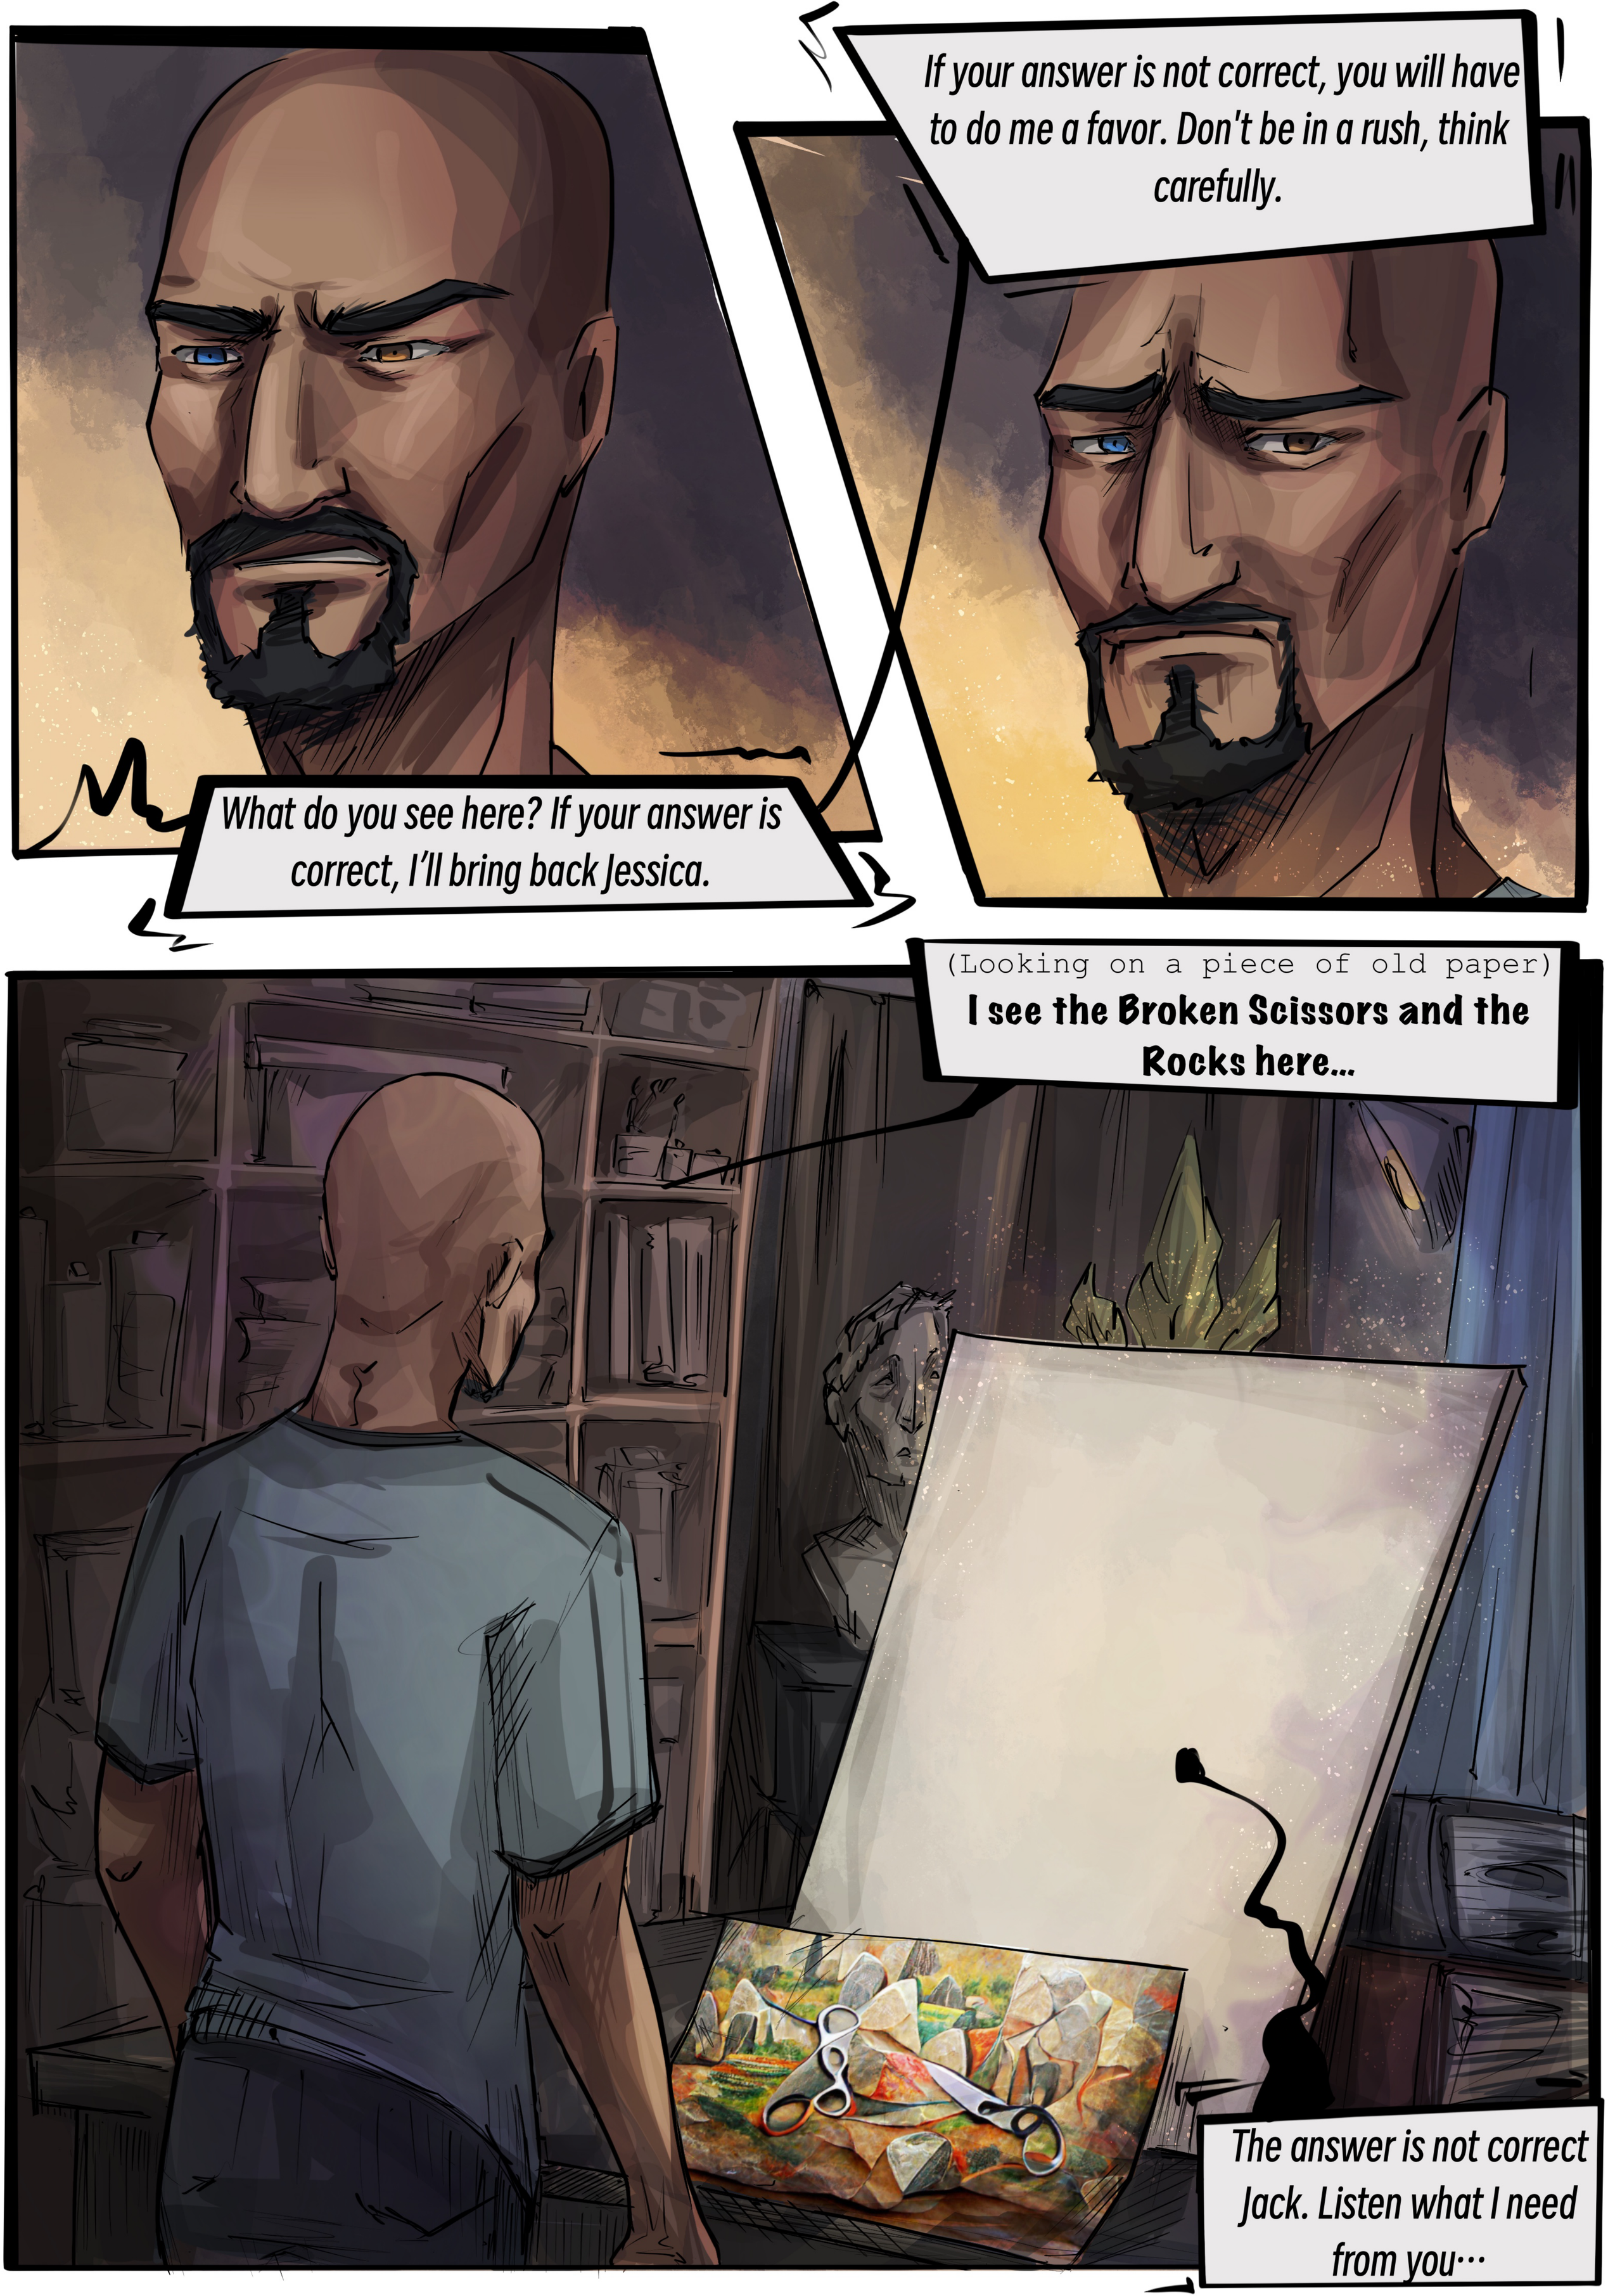
How did you know about Jessica???

I'm in your head Jack… I know everything about you…

What happened with Jess? Where is she?

(Showing a piece of old paper)

First let's play a game Jack



What do you see here? If your answer is correct, I'll bring back Jessica.
If your answer is not correct, you will have to do me a favor. Don't be in a rush, think carefully.
(Looking on a piece of old paper)
I see the Broken Scissors and the Rocks here...
The answer is not correct Jack. Listen what I need from you…
