

# 20 Alpha House Project 26th 22 Anniversary Gala Fundraiser

Thursday, November 10, 2022

Delta Hotel Winnipeg Grand Ball Room

6:00pm – 10:00pm

## About Us

### **A safe place to heal and rebuild.**

Long-term change requires a long-term solution, and Alpha House provides a second stage program that fills that gap. Alpha House is dedicated to helping women and children who are committed to leaving an abusive relationship. We provide a full-time program of counselling and practical supports within a protective living environment.

Through counselling, workshops, family activities and support sessions, residents learn healthy coping strategies, rebuild their self-worth and develop practical skills. Most important, after living at Alpha House women can re-enter communities with the skills and confidence necessary to sustain productive, happy and healthy lives.

## Support Us

### **Our success depends on you.**

The five year vision for Alpha House Project is to completely refurbish the building and have a replacement plan in place for larger maintenance issues; provide a more 'home-like' atmosphere for residents; grow the programs offered and staff facilitating them; and to expand either by purchasing and running another property or moving to a larger location.
