

IT'S NOT ABOUT THE DONKEY OR THE ELEPHANT IT'S ABOUT THE LAMB

As Christians, we want our elected leaders to be men and women who uphold the timeless truths of God's Word and are committed to defending and protecting our right to worship God and to pray. We want to revive our great heritage as a nation founded on Biblical principles.

Fact: There are 60 million committed Christians in the United States, and 30 million of them don't vote or are not even registered to vote.

Imagine the impact that Christians could have on the future of our nation if we made our voices heard by exercising our right to vote.

Fact: The Secular Coalition for America has published a ten-year strategic plan to "claim a major national leadership role, becoming an undeniable political force that must be taken into account by elected officials and policymakers." *

The future of America lies in the balance. If Christians do nothing, a secular agenda may well prevail in our nation.

Champion the Vote has a plan, too. It's 2 Chronicles 7:14:

"If my people who are called by my name will humble themselves and pray, and seek my face and turn from their wicked ways, then I will hear from heaven and will forgive their sin and will heal their land."

We are praying that God's will would be done in America, and we are taking action. We invite you to join us in this mission.

Please consider hosting a Voter Registration Sunday at your church and speaking out to your congregation about the importance of voting.

Champion the Vote will provide resources and materials to support you.
