# Chameleon 20

# Chameleon 20™

---

**We don't open doors for people. We create the tools for people to open their own.**

Developed specifically for education, with teachers and school-age children in mind; the Chameleon 20 enhances the classroom experience through innovation with a fun, positive technology experience that reinforces the joys of reading and writing.

## Features & Benefits

- 20 refreshable braille cells.
- Students can complete lessons in braille, and send content to teacher in print.
- Edit doc, docx, txt, brf, and brl files.
- Easily switch between contracted and uncontracted braille.
- Instantly access downloadable digital content and the digital world of books, including Bookshare.
- *Bluetooth*<sup>®</sup> wireless technology: connect to multiple host devices using screen readers such as VoiceOver, Jaws, and NVDA.
- Internal storage, SD card slot, and USB host port for flash drives.
- Contains the following built-in applications:
  - Calculator to perform basic mathematical calculations.
  - Clock to check the date and time.
  - File manager to organize one's work.

## Includes

- Chameleon 20 device.
- A series of nature/insect-themed tactile stickers to enhance the imagination.
- Three colored “bumper cases” (pomegranate, purple, and teal) from which to choose, based on student preference.
- Nylon carrying case with strap.
- USB-C charging cable with power supply (works with any USB charger, but may charge slower).
- User Guide (stored on device).

If you are as excited about the Chameleon 20 as we are, please visit [aph.org](http://aph.org) and sign up for our monthly electronic newsletter to stay up-to-date on the latest Chameleon 20 news.
