

# Quick Pick Series

These fun and challenging flash card games provide a unique play format for students who are blind and visually impaired.

## Math

This math game consists of a plastic packet with 50 large print/ braille cards. To play, the student inserts the included tool in one of four holes in the front of the plastic packet. If the answer is correct, the card will slide out. If the answer is incorrect, the card will not pull out. Transcribed in Nemeth Braille.

Recommended ages: 5 years and up.

**Multiplication** 1-03572-00

**Subtraction** 1-03571-00

**Division** 1-03573-00

## Counting

A game designed to help young children learn to count to 12 with raised-line symbols and braille numbers.

Recommended ages: 4 years and up.

1-03574-00

## Braille Contractions

Includes two cases of fifty cards, with each case representing a cross-section of braille contractions in UEB braille code. On both sides of the cards, a braille contraction is on the top and four uncontracted answer choices are across the bottom. To play, the player chooses an answer by inserting the wooden tool in one of four holes in the front of the case. If the answer is correct, the card will slide out. If incorrect, the card will not pull out, and the player should try again.
