

# Wilson Reading System

## Student Kits and Instructional Materials

The Wilson Reading System® (WRS) is a research-based reading and writing program.

WRS is a complete curriculum for teaching decoding and encoding (spelling), beginning with phoneme segmentation. WRS provides an organized, sequential system with extensive controlled text to help teachers implement a multi-sensory structured language program.

This system specifically addresses the learning style of students with a language-based learning disability; however, it is beneficial to any student lacking basic reading and spelling skills.

The Wilson Reading System is authored by Barbara A. Wilson and published by Wilson Language Training Corporation. Permission has been granted to APH to publish the braille and large print versions. For more information and professional development opportunities on the use of the program and certification, please visit: [wilsonlanguage.com](http://wilsonlanguage.com).

Teacher Manuals may be ordered from the Wilson Language Training website.

Recommended grades: 2 and up.

**Note:** WRS Instructional Materials are needed to work with the WRS Large Print and Braille Student Kits.

*continued...*

### **WRS, Student Reader Kit, Braille**

**Student Reader One, Supplemental Worksheets One, Modified Workbooks 1A and 1B, Teacher’s Brochure, and WADE Sheets 6-79511-SK1**
