

Key Components

- A – Hand Grip/Blade Arm/Blade Latch Assembly
- B – Wood Base
- C – Alignment Ruler
- D – Hold-Down Clamp
- E – Paper Guide Ruler

Assembly Instructions

None – your trimmer is ready for use right out of the box

Automatic Safety Latch

The patented automatic blade latch is a key safety feature of this trimmer. It will lock with every complete cutting stroke, helping to eliminate forgetfulness. Remember to always push the blade arm down completely when you are finished cutting, to ensure that the latch activates. Never remove the latch for any reason.

Operating Instructions

1. Place the trimmer on a flat, stable surface
2. Release the blade latch, which is located on the hand grip (A)
3. Lift the blade arm (A) up into cutting position
4. Slide the paper under the clamp (D), pushing the paper up against the paper guide ruler (E), and use the rulers or the 1/2" grid, to align the paper to the proper position.

CAUTION:

Keep hands and fingers behind the clamp (D) at all times, away from the cutting blades

5. While holding the silver clamp handle (D) down with your left hand, pull down the blade arm (A) to cut.
6. Always make sure that the blade arm is completely down and locked when not in use.

Safety Information

- Always ensure that the blade arm is fully pushed down, and that the blade latch is engaged, when not in use
- Never operate the trimmer without the clamp in place
- Always keep clothing, jewelry, watches, and hair away from the cutting blade
- Keep out of the reach of children
- Do not carry the trimmer by the hand grip or the blade arm

For Best Cutting Performance

Use Trim-Ease Blade Lubricant for a smoother cut and to help preserve the life of the cutting blade. To order, please contact customer service at the number below and ask for Trim-Ease Blade Lubricant, part number MRS037046.
