## Optional Accessories

### Fan Kits

#### FK26 Fan

The FK26 fan helps distribute heated air from within the firebox out into the room. The fan is controlled by a snapstat that turns power on and off as the firebox temperature rises above and falls below a preset temperature. A rheostat provides for variable fan speeds.

#### Specifications

115 Volt / 60Hz / .75 Amps

#### Maintenance

The fan itself does not require regular maintenance, however, periodic cleaning of the fan and the surrounding area is required.

#### Installation

Refer to Page 15 for installation instructions.

### Remote Controls

The remote control allows you to turn the heater on or off from anywhere in the room. Refer to Page 35 for wiring diagrams.

| Model | Functions Controlled                                                                   |
|-------|----------------------------------------------------------------------------------------|
| MRC1  | ON/OFF                                                                                 |
| MRC2  | ON/OFF and Temperature                                                                 |
| MRC3  | ON/OFF and Temperature control with a digital display and a programmable 24 hour clock |
| IMT   | Wall mounted thermostat control                                                        |

### Screen Kit

An optional screen, R40SK, for use with the operable doors is available to allow the doors to be left in the open position.

### Warming Shelf

Warming shelves add versatility to your stove; they can be used to keep foods warm at mealtime.

| Model | Color          |
|-------|----------------|
| 1560  | Classic Black  |
| 1562  | Sand           |
| 1565  | Red            |
| 1566  | Green          |
| 1567  | Moonlight Blue |
| 1568  | Suede Brown    |

The shelf installation is done in three stages. First you attach the shelf loosely to the stove, leaving the screws loose enough to allow final adjustments. Then, you position the shelf and adjust the brackets so the shelf fits correctly. Finally, you tighten the screws.

Refer to the instructions included with each warming shelf for complete installation procedures.

### Decorative Rings

7" brass or charcoal gray rings are available to add a decorative touch to the exposed stove pipe.

| Model    | Description                 |
|----------|-----------------------------|
| 7FSDRG/4 | 7" Charcoal Gray Rings (4)  |
| 7FSDRP/4 | 7" Polished Brass Rings (4) |
