## SCHOLARSHIP PROGRAM

## SUPPORT LIFE- CHANGING COLLEGE SCHOLARSHIPS!

**Two of every three new jobs created in Florida by 2025 will require education or training beyond high school.**

Today's students need higher education to adapt and thrive in our changing economic landscape. Fast-track technical or vocational certificate programs can launch students into many high-demand careers. For other eligible students, we have an opportunity to get them on a two- or four-year post-secondary path with a remarkable, highly flexible scholarship opportunity that covers a full year of Florida college tuition for a fraction of the value.

In partnership with the Consortium of Florida Education Foundations and the Florida Prepaid College Foundation, we are creating a pathway for donors to help deserving high school seniors to jump start their future through need-based scholarships for post-secondary education.

# EACH JUMP START SCHOLARSHIP PROVIDES RECIPIENTS:

- **30 credit hours of tuition at a Florida state public college or the equivalent value at Florida public universities and technical colleges for eligible credit-hour programs.**
- **Support for college success, including financial aid, life skills and career exploration workshops.**

By becoming a Jump Start sponsor, your organization can purchase scholarships worth \$3,000 each at a fraction of their value and provide life-changing opportunities to promising local high school seniors while contributing to the overall economic future of your community.
