President Trump. The legislation has been embraced by the banking industry and industry stakeholders across the board, as the repeal of the Dodd-Frank Act will allow banks and other financial institutions to scale back regulations, which is expected to lead to more jobs and higher GDP growth. The Financial CHOICE Act would enable banks and credit unions to grow, lending more money for homeowners and businesses. With the repeal of Dodd-Frank, the Financial CHOICE Act eliminates the Glass-Steagall Act, which separated banks into commercial banks and investment banks. It will also repeal provisions of the Volcker Rule, which prevents banks from owning stocks and also restrict lending to certain businesses. The Glass-Steagall Act, which was created in 1933, prohibited commercial banks from engaging in speculative activities, while investment banks were barred from offering deposit-taking services. The Glass-Steagall Act was overturned by the court, and its provisions were never fully implemented. Banks have been lobbying lawmakers to repeal the Dodd-Frank Act since it was signed into law, and banks and other financial institutions have made clear that they were behind the recent push to repeal the Act. In a letter to President Trump, U.S. Chamber of Commerce called the Dodd-Frank Act an “over-reaching and heavy-handed measure” that “had a negative impact
