Tackles - This is easy, just press the front touchline of the pitch and the player will dive straight for the ball! Win the ball back quickly and move into space so you can play it with pace, direction and precision. The only way to stop Tackles is to kick the ball away.

Attacking Trax - This skill applies to any heading - when running at goal, or when released towards open space. Choose to run with Trax and immediately, the player will run with the ball at full pelt towards open space. Numerous Roles, Identity and Abilities - Unlock new roles, skills and player abilities across the pitch, and make the player you build more unique.

Exploit your differences - build the ideal player for your team.
