EPIC Opposition to Beachwood Schools Teaching Critical Race Theory

On March 6th we alerted you to mandatory Critical Race Training at Beachwood High School coming soon on March 11th.

Yesterday, on March 8th, in a packed school board meeting, outraged citizens held nothing back when they spoke to the Beachwood School Board.

Watch Jonathan Broadbent expose the school board of quietly changing policy that gives teachers a new right to "express their opinions" instead of the current policy that has been in existence since the beginning of the school system: [WATCH HERE](#)

The rest of the meeting grew in intensity as tax-payers and parents spoke truth to power in the following block-buster school board meeting video: [MUST WATCH VIDEO](#)

Below is our Email from March 6th

A group of parents in Beachwood Ohio are recommending that all parents keep their children home on 3/11/21 or otherwise remove their children from upcoming "mandatory" Critical Race Training. Every study including "1776 Unites" shows that "Critical Race Theory" leads to MORE racism and division.

Parents are urged to attend the Beachwood Board of Education meeting on March 8, 2021 at 7:00 p.m. to voice your concern regarding this mandatory training.

The Beachwood Board of Education meets in regularly scheduled meetings on the second and fourth Monday of each month at 7:00 pm, in the Fairmount Community Room, 24601 Fairmount Boulevard, Beachwood, Ohio. 44122 phone: (216) 464-2600

MANDATORY COLOR OF TRAUMA VIRTUAL PRESENTATION FOR ALL STUDENTS

On March 11th, all students will be participating in a mandatory virtual assembly "The Color of Trauma" presented by Charde Hollins and Brittany Works. Throughout the course of this incredible assembly, students will further learn and develop the vocabulary for discussing race, skin color, beauty, and history. Our expert presenters will define equality and equity and explore their differences.

Students will learn how to take action and apply knowledge and understanding to consider their roles as activists in their school, home, and community. They will identify how activism and change are important to communities, discuss a variety of characteristics and what action makes someone a leader.

Students will understand the power of allies and the importance of working well together by learning to further incorporate concepts into everyday routines to continuously create safe spaces for racial equality and inclusion, how they can advocate for themselves and others when injustice occurs, and to recognize, respond, and prevent bias.

Finally, our presenters will work to instill self-empowerment and reflection within our school community of learners. By becoming aware that positive talk influences mood, behavior, and relations, students understand their ability to learn from adversity and become stronger, wiser individuals.

This is a **mandatory assembly and attendance will be taken**. On March 11th (the first group M-Z will meet at 8:10 am and the second group A-L will meet at 12:35 pm), every student in attendance will also receive a "significant" amount of bonus points that will be applied to each English class that they're enrolled in. So, if a student is enrolled in two English classes this semester, then they would receive the "significant" amount of bonus points within both classes. If this assembly creates a conflict with students taking CCP or Excel TECC classes, they must email Mr. Patti at rpatti@beachwoodschoools.org. All other students should be in attendance. A link will be shared with you on Monday, March 9.
