## Stop Critical Race Theory in Ohio

*Note: Please sign if you are against Critical Race Theory and live either in or outside Ohio.*

### The Pledge

We seek to:

- ☒ **Prohibit** the teaching of Critical Race Theory (CRT) in Ohio's schools, universities and governments.
- ☒ **Prohibit** the teaching of concepts that present any race as inherently deserving of preference.
- ☒ **Refocus** the primary purpose of education: achieving academic excellence with equal opportunity.
- ☒ **Oppose** the election of any statewide or local officials, legislators or school board members who support CRT training.

### We Believe

- ☒ Equality under the law, enshrined in America's founding documents, applies to all races.
- ☒ America has led the way in addressing race-based issues through public and social policy.
- ☒ All persons should be protected from the divisiveness and harm of CRT's singular focus on race, especially children.
- ☒ Dr. Martin Luther King, Jr. supported a focus on developing students' critical thinking skills and moral compasses, providing the tools for opportunity and achievement.
- ☒ CRT, supported by Marxists, claims that America is systematically racist due to widespread white supremacy.
- ☒ CRT's accusations of white supremacy suppress opposing viewpoints while promoting racism and discrimination.
- ☒ CRT distracts from addressing the root causes of poor social, economic and educational outcomes.
