3. [Seasons and Schedule](#)

### Receiving your Invitation and Creating Your Account:

1. Find Email: The General Manager (GM) of your school will send you an invitation to register on the Fenworks platform.

- a. Your GM will either invite you via email or direct link. Make sure to ask them which way they invited you if you are uncertain.

2. Create Account: When accepting your invite, you will be prompted to register and make your account. **Make sure to remember the email and password you use to register.**

3. Find Resources and Rulesets: After registering and making your account, you will arrive on the main dashboard of the Fenworks Platform. You should locate the resources page on the left side and review the resources and rulesets.

The screenshot shows the Fenworks Platform dashboard. On the left sidebar, the 'Resources' option is highlighted with a red box. The main content area displays 'Ongoing Matches' for 'Mon Jan 20, 2025'. It shows a match between 'SW Middle Drone 1' and 'NNSW Drone 2' with a score of 0-0. The match is scheduled for 10:42 AM CST. The dashboard also includes a top navigation bar with 'Dashboard', 'My Profile', 'Teams', and 'My Seasons' tabs. A search bar is visible in the top right corner.

- a. Click on Resources and then click either Drone Resources or Drone Rulesets. The contents of that category will appear below.

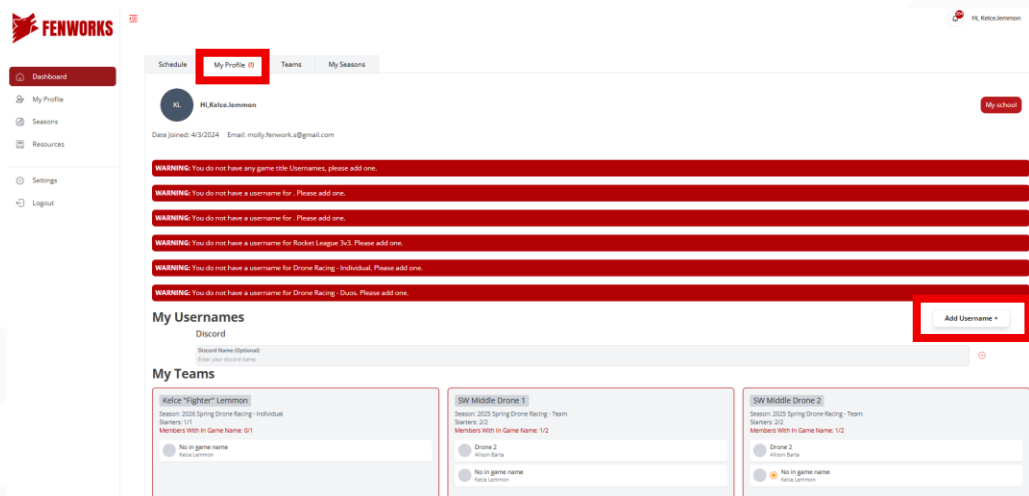

### Team and Profile Set-up:

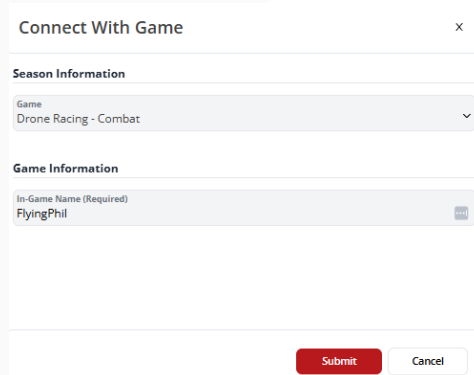

1. Check Teams: From the Dashboard, check on your Teams. Your GM will be responsible for adding you to the correct teams. Once your GM has placed you on your team(s), they will appear in the Teams tab. \*Note; You will be still put on a team, even if you are competing in the individual league.

2. Add your Usernames: From the Dashboard, check on your usernames under “My Profile.” You will notice a notification under “My Profile” once you are added to a team. This alerts you that you need to add your in-game name to your profile.
  - a. You will only need to add in-game names for the leagues which you are competing in.
  - b. To add a name from the “My Profile” page, select “Add a Username”

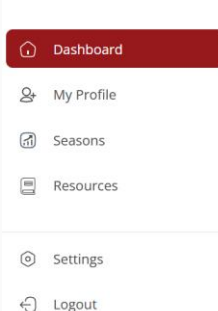

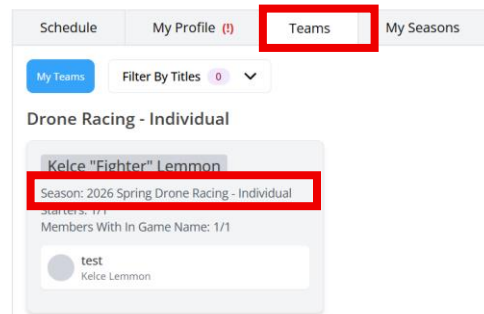

- c. Select the game of which name you are adding. And then type your in-game name. Be careful that spelling and capitalizations are an exact match to your in-game name. Click Submit, and your name will be added to your profile.
- d. You will know you are successful when the notification goes away from the “My Profile page” and your in-game name is now listed. Your names can be edited at any time should it be needed.

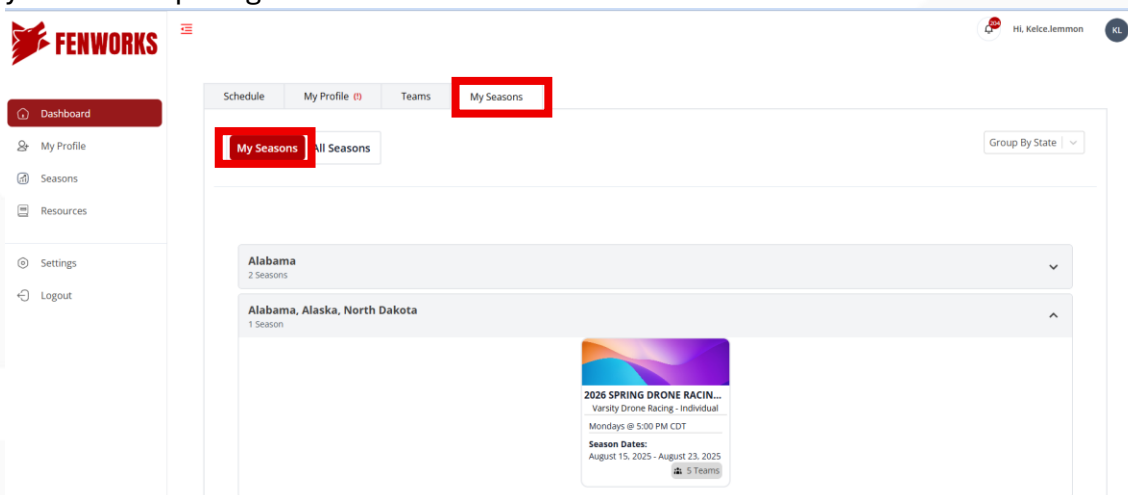

### Seasons and Schedule:

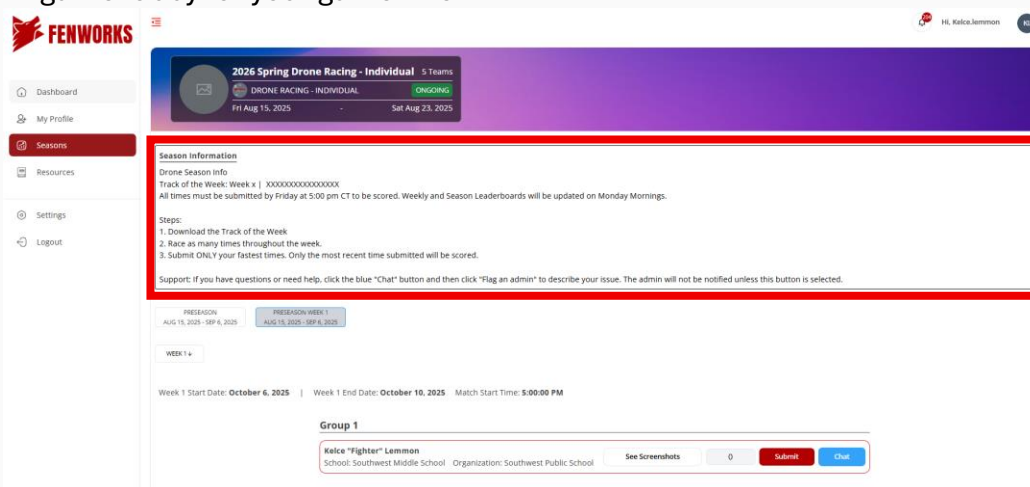

1. Check that your team is signed up for a season: Your GM is responsible for registering your team for the upcoming season. Once that has been done, you will see the season your team is registered to compete in listed on the “Teams” page under your team's name.

2. Check your seasons: You can now navigate to “My Seasons” to view the seasons you are competing in.

3. View Season Pages: From here you can also click the season to view the full season page where matches, leaderboard, and check in take place.
  - a. On the season page you will also find “Season information” at the top page. This will contain the information on match days/times and how to set up the in-game lobby for your game title.

4. Now that you are in season and have matches you can view your “Schedule”. Your schedule will show you all the matches you are a part of. Click on a match in the schedule will send you to that match page for easy access come match time.
  - a. This will show upcoming and ongoing matches
  - b. It can be filtered by season, if you are in multiple.
  - c. It can be filtered by specific date
  - d. Or you can search by team name
