Hi Ms. Doveton,

I own land and a house that borders the tract that Scott Puckett Inc. has applied to rezone on Friendship Rd. There has already been some bulldozing on the land with no regard to property lines. I am asking the Hall Co. Planning and Development Department to regulate and monitor this activity with directives to include substantial fencing along the property lines during land clearing and construction as well as post-construction substantial fencing.

Thank you for your help in this matter.

**Your Comments\***

My name is Nancy Johnson. I own acreage bordering the tract that Scott Puckett Inc. has applied to rezone on Friendship Road. There has already been some bulldozing on the land with no regard to property lines; thus, resulting in trees being pushed onto my property. I am appealing to the Hall County Planning and Development Department to regulate this activity with directives to include substantial fencing during land clearing and construction as well as substantial post construction fencing. Thank you for hearing my concern on this matter. I fear that without your help in the early stages of this project, I will need your ongoing assistance in the future. I appreciate your work.
