Your Comments*

Board of Commissioners, we ask that you strongly reconsider approving a 304 multi-unit complex on White Sulphur Rd. unless there are extensive plans to improve the road infrastructure. The increased traffic created by two large apartment complexes, school buses, 18 wheelers, and Kubota employees will endanger the lives of all who travel on White Sulphur Rd.

In lieu of being able to attend the Commissioners' meeting tomorrow because of medical reasons, we are submitting the following comments for your consideration before you approve the multi-family complex on White Sulphur Rd.

1. The Sandra Deal Elementary School will be completed in two years. Do you know what the enrollment will be? Have you communicated with the Board of Education? It is a combination of two schools. My guess would be as many as 1000 students. How many small children will be picked up by their parents as opposed to riding the bus—500 or more? Have you planned for this increased traffic on a two-lane highway filled with pot holes and 18-wheelers?
2. Two new apartment complexes with a total of over 600 units. Let's put two people in each apartment driving to work. That's 1200.
3. Factor in more truck traffic because of the new inland port, the existing Kubota traffic, and people taking a short cut to go shop at Kroger and have a beer at Taco Mac.
4. We implore you to rethink adding another apartment complex on White Sulphur unless you have plans for major improvements in road infrastructure on White Sulphur including traffic lights and converting the road to three or four lanes.

Hall County Board of Commissioners, let's do the right thing tomorrow.
