I am very concerned with the proposed apartments-Between the 300-unit complex under construction and the proposed 304-unit complex on Ramsey Circle, we are probably adding 1200 cars on White Sulphur. Who knows how many cars the new elementary school will add. We currently have constant issues with the semis between the two factories as it is. This development would be adding countless more car combined with the semis and future school buses it is a recipe for disaster. White Sulphur cannot accommodate that amount of traffic.
