**Your Comments\***

We live up Clarks Bridge Rd and only have 2 ways to get to the Main Highway I 985. With all the development at Jessee Jewell and Limestone Pkwy we have had to switch to using Pine Valley Rd to White Sulfur Rd. Now with the new school, the additional apartments and another apartment complex being proposed on top of all the industrial facilities from that direction, it is turning into a nightmare. What are you ;thinking funneling all that traffic on a 2 lane road and now doing a traffic study first. Don't forget the blind turn near the railroad track, come and see it at 4 pm some day. It can take 4 light changes to get through at Jessee Jewell, and we have seen at least a 10%drop in fuel efficiency.At these gas prices, that makes a difference in money, but also in cost to the environment. Keep Hall County Green, not turn it into Gwinnett County.
