#### Recommendation:

#### Purpose of Request:

Approve the sole source purchase of one (1) underwater remotely operated vehicle (ROV) for Hall County Fire Rescue to RJE Oceanbotics, LLC, of Irvine, CA to assist with the rescue and recovery of drowning victims.

#### History:

After demonstrating two (2) ROV's and reviewing spec sheets of a third unit, Fire Rescue determined the model SRV-8 will best suit the needs of the County in the rescue and recovery of drowning victims.

#### Facts and Issues:

This underwater remotely operated vehicle (ROV) was chosen as it is the easiest to operate and user friendly. It provides two (2) additional thrusters for more precise underwater navigation versus six (6) thrusters on a similar ROV. Due to exclusive distributions rights, there are no other items or products that are similar for purchase.
