

To whom this my concern,

I am wanting to divide my property, 2014 Edmonds Dr. Gainesville, Ga 30501, zoning lot # 124 district 9 county of Hall, that is 2.59 acres into 3 residential lots. Currently on the property it has one Residential home, and one guest house-guest house will be removed, I would like to add two additional residential homes. Diving the lot into three, where the house is already built leaving it at .91 acres and the two additional Residential homes that we are wanting to build would be .84 acres.
