STATE HIGHWAY SYSTEM REVISION

Order of the Commissioner

DOCUMENT REFERENCE NUMBER: 3637A

PROJECT IDENTIFICATION: 0007319

COUNTY: HALL CITY: BUFORD

PROJECT DESCRIPTION: RECONSTRUCTION OF SR 347

SYSTEM REVISION DATE: 5/24/2018

WHEREAS, the Commissioner of the Georgia Department of Transportation (hereinafter called the "Department"), under the authority vested in him by the State of Georgia, notifies the Hall County Board of Commissioners and the City Commission of Buford (hereinafter called the "Local Government") that the State Highway will be revised as described herein; and

NOW THEREFORE, in the interest of the traveling public, the Commissioner of the Georgia Department of Transportation does hereby order and direct that the State Highway System be revised as detailed in the Description.

REVISIONS

- 1. Removing a State Route in Common:**
The Department intends to remove a State Route designation from an existing State Route roadway as detailed in the Description. This will result in an administrative data change and a change in route signage. It will not result in any physical construction to the roadway.
- 2. Re-designation of a State Route:**
The Department intends to change the designation of an existing State Route roadway as detailed in the Description. This will result in an administrative data change and a change in route signage.
- 3. State Route Addition:**
The Department intends to construct a new section or multiple sections of a State Route as detailed in the Description. Projected State Route designations will be assigned to proposed major realignments or new construction. The Projected State Route designation, usually beginning and ending at an intersection will remain in effect until construction is completed and the roadway is 'open to traffic'. 'Open to traffic' is defined as unimpeded traffic flow in all lanes; all construction barriers and

4. State Route Obliteration:

The Department intends to permanently obliterate a section or multiple sections of a State Route as detailed in the Description. The physical pavement or other surface material will be removed from the roadway and the roadway will not be open to the traveling public.

5. Adding a State Route in Common:

The Department intends to add a State Route designation to an existing State Route roadway as detailed in the Description. This will result in an administrative data change and a change in route signage. It will not result in any physical construction to the roadway.

6. Intersection Improvements:

- a. The Department intends to make improvements or has already made improvements to short sections of roadways (approximately 1/4 of a mile or less) at intersections that are necessary for seamless traffic transitions.
- b. With the completion of the project, the Local Government will accept for title, maintenance, utility accommodation, and ownership of the property of public roadways constructed, re-aligned, or widened as a part of this State Highway Project. The Local Government does hereby resolve that with the completion of the project the Local Government shall formally accept these roads into its official system of roads.

- c. **This condition requires a Local Government signature and an Authorizing Resolution: Intersection Improvements.**

7. State Route Removal or Abandonment:

- a. The Department intends to permanently remove a section or multiple sections of a State Route from the State Highway System as detailed in the Description.
- b. The Local Government will accept title, maintenance, utility accommodation, and ownership of the property for the roadway removed from the State Highway System. The Local Government does hereby resolve to formally accept the road(s) into its official system of roads.
- c. **This condition requires a Local Government signature and an Authorizing Resolution: State Route Removal or Abandonment.**

- 8. Local Roadway(s) Transfer to the State Highway System (SHS):**
 - a. The Department intends to permanently accept a local roadway(s) as detailed in the Description as part of the State Highway System.
 - b. The Department will accept title, maintenance, utility accommodation, and ownership of the property for the roadway(s) added to the State Highway System.

- 9. Temporary State Route Removal:**
 - a. The Department intends to permanently remove the Temporary State Route designation(s) as detailed in the Description. This will result in an administrative data change only and will not result in any physical changes to the roadway.
 - b. Title, maintenance, utility accommodation, and ownership of the property for the roadway(s) will remain with the Local Government.
