Subject: RE: DRUG SCREEN KITS AND SERVICES BID

Good afternoon Debra,

After reviewing the bids, Treatment Services would like to remain with Abbott/Redwood. They offer the widest selection of the responsive vendors for specialty/confirmation testing and indicate that there will be no cost for collection cups and biohazard bags. American Screening indicated some pricing that was lower than Abbott but did not provide enough detail nor do they offer the same level of service. Treatment Services relies heavily on a robust confirmation testing lab for overall operations and we feel that Abbott/Redwood provides that in comparison to the other vendors at this time. Please let us know if you have any other questions. Thank you!

Thank you,

Jessi Emmett, LPC, CMAC, CPCS, CCS

Subject: DRUG SCREEN KITS AND SERVICES BID

Good Morning,

We rebid the Drug Screen Kits and Services out again this year. We only had four (4) vendors to respond. I am attaching a copy of the bid tab and also the individual bid responses. If you have a question on any of their responses, you have permission to contact them for clarification. This was also sent to the three (3) vendors as requested by Courts and received no bids from any of the three (3). Please let me have your selections of vendor(s) by next Wednesday morning at the latest. If you want more than one (1) vendor in the pool, you can do this.

Regards,

Debra Howington, C.P.M.
