Introduction & Funding Distribution

Please refer to the table below to identify Applicant Organization's total available allocation of FY 2025 Section 5303 planning funds.

Considerations

- The amount depicted under "Total Allocation" represents only the Federal funding available to each MPO.
- The proposed project must also include non-federal matching funds of 20% of the total project cost.
- For FY 2025, GDOT has identified state matching funds of up to 10% of the total project cost. Your organization must provide the remaining 10% local match.

For FY 2025, GDOT has identified additional funding availability. Organizations with identified planning project needs beyond their allocation are encouraged to apply for additional funding. All such additional funding requests will be considered according to criteria in Appendix D.

Appendix C: Performance-Based Transit Planning Agreement

Background

In accordance with enacted provisions of the Moving Ahead for Progress in the 21st Century (MAP-21) Act, and the Fixing America's Transportation System (FAST) Act, the final rule for statewide and metropolitan transportation planning was published on May 27, 2016. A provision of the rule, 23 CFR 450.314 (h), requires that MPO(s), State(s), and the providers of public transportation develop and jointly agree upon specific written provisions for cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets, and the reporting of performance to be used in tracking progress toward attainment of critical outcomes for the region of the MPO.

To comply with these federal requirements, GDOT has developed a draft Transit Asset Management Agreement available for your use. The Agreement specifies the roles and responsibilities of GDOT and MPOs with regard to transit asset management data, targets, and plans. MPOs may develop alternative written agreements to meet the requirements of 23 CFR 450.314 (h), however, such agreements must be shared with GDOT and jointly agreed upon.

FAQs

1. "Who should sign the Agreement?"

The Agreement can be signed by an MPO and transit provider staff members. Per GDOT's consultation with FTA, it is *not* required that an MPO board vote to approve the Agreement.

2. "What if we need to update or amend an agreement?"

Agreement updates will be made on an as-needed basis rather than according to a set cycle. For example, modifications to individual agreements may be required due to changes in MPO boundaries, transit providers, or similar circumstances.

3. "My MPO is already developing a different agreement, does this mean we have to use the Agreement provided instead?"

No. An MPO may develop and use an alternative agreement so long as it meets all federal requirements. GDOT developed the included Agreement for MPOs that have not developed their own. If your MPO wishes to use an alternative agreement, that alternative should be shared with GDOT staff to ensure it complies with all requirements of 23 CFR 450.314 (h).

_____ certifies that it has submitted a Performance-based Transit Planning Agreement to the Georgia Department of Transportation.

If your MPO has not developed its own agreement, please sign the included Agreement, gather signatures from all transit providers in your MPO, and return the Agreement as part of your grant application. If necessary, add additional lines for transit provider signatures. If you have suggested changes to the language in this draft agreement, please contact GDOT. If your MPO has developed an alternative agreement, please include it with your application, or sooner if available.

Please direct any questions or inquiries to GDOT Intermodal Transit Program Delivery Manager, Patricia Smith, Ph.D at Psmith@dot.ga.gov.

Performance-Based Transit Planning Agreement

On May 27, 2016, the final rule for statewide and metropolitan transportation planning was published, based on the 2012 Moving Ahead for Progress in the 21st Century (MAP-21) Act and the 2015 Fixing America's Transportation System (FAST) Act. As part of this final rule, 23 CFR 450.314 (h) requires the metropolitan planning organizations (MPO), State(s), and the providers of public transportation (referred to here as "providers") to jointly agree upon and develop specific written provisions for cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets, and the reporting of performance to be used in tracking progress toward attainment of critical outcomes for the region of the MPO.

The Georgia Department of Transportation (GDOT), the MPO, and provider(s) hereby agree to share transit asset management data, targets, and plans as follows:

- Providers will share their Transit Asset Management (TAM) Plan, and TAM targets with the MPO and GDOT and report to the National Transit Database.
- Providers will coordinate with the MPO and GDOT during the development of their TAM Plan and targets.
- The MPO will set TAM targets for their planning area in coordination with providers in their planning area and share those targets with providers and GDOT.
- GDOT sponsors a Group TAM Plan for participating Tier 2 transit providers, collects inventory information from these providers, sets targets in coordination with the providers, and shares the TAM Plan with providers and MPOs statewide.
- MPOs will reflect TAM targets in their short range and long-range planning documents and share with GDOT and providers in their planning area.
- GDOT will provide a Statewide Transportation Improvement Program (STIP) Performance Report, reflecting TAM targets set by the GDOT Group Plan, and will share this report with MPOs and transit providers statewide.

Appendix E: Equal Employment Opportunity Questionnaire

The FTA Master Agreement requires all applicants, recipients, subrecipients and contractors receiving funding to comply with applicable Federal civil rights laws and regulations and to follow applicable Federal guidance. FTA applicants, recipients, subrecipients, and contractors who meet both of the following threshold requirements must implement the EEO Program elements (FTA C 4704.1A Chapter 2.2).

This requirement applies to state-administered programs covered by Federal Transit Laws and FTA Master Agreement funding categories under 5310 - Enhanced Mobility of Seniors and Individuals with Disabilities; 5311 - Rural formula grants for Rural Areas; 5339 - Bus and Bus facilities; 5307 - Urbanized Area formula grants; and 5303, 5304 and 5305 - Metropolitan and Statewide Planning funds.

All FTA applicants, recipients, subrecipients and contractors who do not meet the EEO Program threshold are not required to submit an EEO Program. However, they are still required to comply with all Equal Employment Opportunity statutes and regulations.

A recipient is required to submit a full or abbreviated EEO Program based on the number of its transit-related employees and whether it reaches a monetary threshold. Transit related employees include temporary, full-time, or part-time employees.

- Employs 100 or more transit-related employees (requires a full EEO Program)
- Employs 50 or more transit-related employees; (requires an abbreviated EEO program)

And:

- Requests or receives capital or operating assistance in excess of \$1 million in the previous Federal fiscal year or requests or receives planning assistance in excess of \$250,000 in the previous Federal fiscal year.

Example: If 'ABC Transit' is a direct subrecipient and has 22 employees, it does not meet the threshold. If 'ABC Transit' subcontracts with a *Third-Party Operator*, each entity is considered separately. If 'ABC Transit' with 22 employees, contracts with two agencies, one with 25 employees, and one with 52 employees (i.e. $22+25+52=99$), then *ABC Transit* would not be required to have an EEO Program, but the contracted agency with 52 employees would be required to develop and submit to 'ABC Transit' an abbreviated EEO Program.

EEO Program Components (Full EEO Program)

- Statement of Policy
- Dissemination
- Designation of Personnel Responsibility
- Utilization Analysis
- Goals and Timetables
- Assessment of Employment Practices
- Monitoring and Reporting

Abbreviated EEO Program Components

- Statement of Policy
- Dissemination Plan

- Assessment of Employee Practices
- Monitoring and Reporting Plan

Please complete all fields annually and submit to GDOT Transit Department.
