Hi Beth,

The cost shares with the partners would be the same as our IGA set-up (minus Flowery Branch). The county pays the upfront cost, and then subsequently bills Gainesville 25% and Oakwood 4% of that total billed (no matter the subject matter of what's being configured). Assuming we get billed the total amount, that means that Gainesville would pay \$9,642.50 and Oakwood \$1,542.80.

Is that what you're looking for?

Thank you,

Rebecca Evans

Hi Becca,

Could you please provide the breakdown of anticipated hours and associated cost for each partner involved with this change order? Specifically, what is the expected share of the \$38,570 for the county, Gainesville, and Oakwood?

Thank you,

Beth
