Good morning all,

My husband Jonathan and I live with our four children in Grandview Estates off of J M Turk Rd. I am a former Hall County educator and we are proud members of the Mulberry Creek community where we are actively involved in local business, church, workout facilities, & recreational sports in the area.

We adamantly oppose the rezoning and planned development for the 76 townhomes and 208 single-family homes. Every neighbor we have spoken with in this area is also adamantly opposed to, as well as the homeowners on JM Turk Road and the winery.

It is extremely discouraging to hear that although all five members of the Planning Committee unanimously opposed the development and forwarded that recommendation to the commissioners, that the Hall county commissioner is still actively considering approval and has met with a developer despite strong community opposition.

It is very obvious the project's attorney has misleadingly suggested minimal opposition

when that is clearly untrue.

Some of my children have ball games during the Tuesday meeting at 6 pm & I hate to miss watching them play, so I wanted to email in our concerns and voice our **STRONG OPPOSITION** to this rezoning and development.

We'll be calling later as well.

Thank you for considering what your constituents desire for our community.

Blessings,  
Danielle Butler
