ARTICLE #105 – CONTRACT TERM:

ARTICLE #106 - CONTRACT AMENDMENTS AND MODIFICATION:

and understanding between the parties as to the subject matter hereof, and no verbal promises have been made by either party in relation hereto.

ARTICLE # 107 – REMEDIES AND CONTRACT PERFORMANCE:

In the event that either party to this Contract breaches this Contract, including by failure to meet the timetables set forth herein, the non-breaching party shall provide written notice to the breaching party which describes the breach of this Contract. The party whose breach is alleged shall have thirty (30) days from the date of receipt of the written notice to cure the breach or to otherwise negotiate a resolution of the breach.

If the breach has not been cured and the parties hereto have not resolved the issue described in the notice letter by thirty (30) days after receipt of the notice letter, the party authoring the letter shall be entitled to seek any and all remedies allowed by Georgia law, including damages, equitable relief, declaratory relief, specific performance, and/or seeking relief as to any bonds issued hereon. Additional provisions are;

A. Delay or Impossibility of Performance. Any failure or delay must be beyond the control of and without the fault or negligence of the Contractor. If the Services to be provided to the County are interrupted by a Force Majeure Event, as defined below, the County will be entitled to an equitable adjustment to the fees and other payments due to the Contractor under this Contract. If delay results from a subcontractor's negligent conduct or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract.

Neither party shall be held liable or responsible to the other party nor be deemed to have defaulted under or breached this Agreement for failure or delay in fulfilling or performing any obligation under this Agreement when such failure or delay is caused by or results from causes beyond the reasonable control of the affected party, including but not limited to fire, floods, embargoes, acts of war, civil unrest, insurrections, riots, strikes, lockouts or other labor disturbances, or acts of God; provided, however, that the party so affected shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either party shall provide the other party with prompt written notice of any delay or failure to perform that occurs by reason of Force Majeure.

Definition: The term 'force majeure' as defined in Black's Law Dictionary, is 'an event or effect that can be neither anticipated nor controlled. It is a contractual provision allocating the risk of loss if performance becomes impossible or impracticable, especially as a result of an event that the parties could not have anticipated or controlled.'

- B. Obligations beyond Contract Term.** The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to the Contract.
- C. Transition Cooperation with the County and Cooperation with other Contractors.** Contractor agrees that upon termination of this Contract for any reason, it shall provide sufficient efforts and reasonable cooperation and assistance to the County to ensure an orderly and efficient transition to the County or an alternative Contractor. Further, in the event that the County has entered into or enters into contracts with other Contractors related to the Services, Contractor agrees to cooperate fully with such other Contractors. Contractor shall not engage in any act that will interfere with the performance of work by any other Contractor(s).

ARTICLE # 108 – TERMINATION PROVISIONS:

The County may terminate this Contract by providing sixty (60) days written notice to the other party at any time. Should County terminate this Contract prior to the date of automatic termination, Contractor shall provide the County with all deliverables up to the date of termination thirty (30) days after the Notice to Terminate is issued. The County shall pay the Contractor for all work properly performed in compliance with the terms of the Contract up to the date of termination.

- A. Termination for Convenience.** Following sixty (60) days written notice, the County may terminate the Contract in whole or in part for any reason without the payment of any penalty or incurring any further obligation to the Contractor.
- B. Termination for Cause.** The occurrence of any one or more of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:
1. The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract, including, but without limitation, the express warranties made by the Contractor.
 2. The County determines that contractor's unsatisfactory performance substantially endangers completion or that default is likely to occur.
 3. The Contractor fails to make substantial and timely progress toward performance of the Contract.
 4. The Contractor becomes subject to any bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law.

5. The Contractor has failed to comply with applicable federal, state and local laws, rules, County ordinances, regulations and orders when performing within the scope of the Contract.
6. The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or a material breach of the terms of the Contract by County upon County's failure to cure such material breach after written notice thereof has been delivered in accordance with ARTICLE #108. C. below constitutes cause for the Contractor to declare that the County is in default of its obligations under the Contract.

C. Notice of Default. If either party causes one or more of the default events set out in ARTICLE #108, then either party shall issue a written Notice-of-Default to the party that causes one or more of the default events, requesting that the breach or noncompliance be remedied within the period of time specified in the party's Notice-of-Default to the Contractor. If the breach or noncompliance is not remedied within the period specified in the written notice, the non-breaching party may:

1. Immediately terminate the Contract for default without additional written notice.
2. In the event of a breach by the Contractor, the County may procure substitute Services from another source and charge the difference between the Contract and the substitute Contract to the defaulting Contractor; and/or,
3. Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.

D. Termination Due to Non-Availability of Funds.

This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, such determination being at the County's sole discretion and conclusive. County agrees to provide prompt written notice to Contractor in the event of any de-appropriation.

E. Termination due to Failure of Contractor to Act.

The County may terminate the Contract for any one or more of the following reasons effective immediately without advance notice:

1. In the event that the Contractor must be certified or licensed as a condition precedent to providing the Services, the revocation or loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect.
2. The County determines that the actions, or failure to act, of the Contractor, its agents, employees or sub-Contractors have caused, or reasonably could cause, life, health or safety to be jeopardized.

3. The Contractor furnished any statement, representation, or certification in connection with the Contract or the bidding process, which is materially false, deceptive, criminal activity, incorrect or incomplete.
 4. Failure of the Contractor to obtain, provide, maintain, and deliver the Performance and Payment Bonds (if required) as and when required under this Contract, or failure to comply with any requirement pertaining to the appropriate amounts thereof as set forth in ARTICLE #123 - PERFORMANCE AND PAYMENT BOND REQUIREMENT.
- F. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by County, the County shall pay only those amounts, if any, due and owing to the Contractor for Services actually received and accepted by the County up to and including the date of termination of the Contract and for which the County is obligated to pay pursuant to the Contract.
- G. **The Contractor's Termination Duties.** Upon receipt of notice of termination, the Contractor shall:
1. Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs and furnish a report within thirty (30) days of the date of notice of termination, describing the status of all work under the Contract, including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require.
 2. Immediately cease using and return to the County, any personal property or materials, whether tangible or intangible, provided by the County to the Contractor.
 3. Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract.
 4. Cooperate in good faith with the County, its employees, agents, and Contractors during the transition period between the notification of termination and the substitution of any replacement Contractor; and
 5. Contractor is to immediately return any payments made by the County for goods and services that were not delivered by the Contractor.
- H. **Liquidated Damages.** In the event that the Contractor unreasonably delays completion of the services as per the term in Article 105, or who abandons the services before completion, or fails to haul as per the contracted hauling schedule as outlined in Attachment 1, then the Contractor shall pay the County liquidated damages equal to the contracted cost per haul, per location, per day for each non-completed but scheduled haul as outlined in the Exhibit C – Mandatory Cost Proposal Worksheet.

MANDATORY ETHICS AFFIDAVIT

Contractors, consultants, and vendors of any service or commodity to Hall County, Georgia must read and affirm to adhere to the following ethics requirements for compliance with the Official Code 3.10.070 of Hall County - Ethics.

POST OFFICE DRAWER 1435
GAINESVILLE, GA 30503

t: 770.535.8270 | f: 770.531.6711

DIRECTOR

- A. It is the policy of Hall County to seek the best overall value when procuring goods and services. Toward this end, the county finds and declares that its objectives will best be achieved through an open, competitive process with a broad range of responsible vendors wishing to furnish products and services to the county. Hall County will establish and conduct a procurement program that maximizes service benefit to the community and awards contracts to vendors who offer the best quality and value.
- B. Hall County declares that county employees and officials, along with those wishing to do business with the county, have the shared responsibility for avoiding biased, anticompetitive, or unethical practices.
- C. Hall County employees, officials, and their family members are prohibited from seeking, requesting, or receiving any material payment, gift, job offer, security, promise of future benefit, or any other tangible or intangible thing of value when such receipt has the potential to influence a procurement decision or to gain undue advantage in a procurement competition.
- D. Prospective vendors must compete for county business within the parameters of the solicitation process and are prohibited from seeking to obtain inside information, attempting to skew the writing of specifications, or influencing a procurement decision through any means outside the process established for the particular solicitation. This principle applies to any contractor, subcontractor, representative, employee, or agent that may be associated with a procurement transaction.
- E. Bidders and proposers shall disclose on competitive bid responses any individual(s), firm(s), and/or county official(s) who do business with the county if there is an appearance of a conflict of interest.
- F. Ethical business practices are important, both, during a solicitation, and after the decision to grant an award. The county seeks to establish relationships with business partners whose ongoing ethical standards of business conduct are congruent with those outlined here. The purchasing manager, subject to the approval of the director of financial services, is charged with establishing methods for ongoing monitoring for non-compliance with these principles. The prohibition against the offering of or the acceptance of kickbacks, gratuities, payments or any other instrument of value extends beyond and outside any specific procurement or solicitation.
- G. A vendor's contract compliance history with Hall County and other contractual parties is a valid element in the decision to award, or not, a contract.

- H. Hall County stipulates that the furtherance of its strategic goals for job creation, stability and growth in the tax base, business retention, and other fiscal and economic development objectives may be considered during the procurement process. The purchasing manager, subject to the approval of the director of financial services, is authorized to establish procurement initiatives consistent with the county's strategic economic development objectives. These procurement practices shall be applied consistently and equitably and shall have a direct relationship to the county's goals.
- I. Hall County employees, officials, and their family members are generally prohibited from participation in any procurement decision or any gain of undue advantage in a procurement competition as a result of contemporaneous employment with a potential or actual business partner.
- J. It is unethical for any county employee to purchase commodities or services from a county contract for personal use.
- K. With the exception of solicitations for the sale of real property, individuals, firms and businesses seeking an award of a Hall County contract may not initiate or continue any verbal or written communications regarding a solicitation with any county officer, elected official, employee or other county representative other than the purchasing associate named in the solicitation, or the county's financial advisor, between the date of the issuance of the solicitation and the date of the final contract award by the board of commissioners. The purchasing manager will review violations. If determined that such communication has compromised the competitive process, the offer submitted by the individual, firm or business may be disqualified from consideration for award. Solicitations for the sale of real property may allow for verbal or written communications with the appropriate Hall County representative.
- L. All county commissioners, officials, and employees shall adhere to the standards outlined in the Hall County Code of Ethics.
- M. **(AMENDED)** The purchasing division of the financial services department shall determine and implement methods of educating all prospective contractors, bidders, proposers, and vendors on the requirements and provisions of Code Section 3.10.070, including, but not limited to, requiring each prospective contractor, bidder, proposer, and vendor that expresses an intent to do business with the County to sign an affidavit attesting that they have read this Chapter and have more specifically also read Code Section 3.10.070." (Res. of 11-14-19(1), § 1 (Exh. A))

I hereby declare under penalty of perjury that the foregoing is true and correct.

Re: Blue Level Services

To Whom It May Concern:

This letter serves to confirm that Turner Wood & Smith Insurance handles the contract bonding requirements of Blue Level Services through EMC Insurance.

We are currently in a position to conditionally provide Bid, Performance and Payment bonds for Blue Level Services. Special acceptance could be considered upon submission of job details. Any bond requests would, of course, be subject to our normal underwriting review and approval of the contract documents, bond forms, terms of project financing and other underwriting factors at the time of the request and EMC Insurance Company assumes no liability if such bonds are not executed.

The above demonstrates our utmost confidence in Blue Level Services. We anticipate no problems in providing the necessary performance and payments bonds for the above project. Should you have any questions, please do not hesitate to call.

Sincerely,

Trey Wood
