Your Comments*

As an agent of my father, owner of four lots on Ridgeway Circle, I would like to make the following comments from the proposal for rezoning land use and a new subdivision. In the proposal letter from the Fire Marshall, the statement is made "The intersection of Azelia and Williamson Drive is 2,452 feet from a fire hydrant located on Price Rd at Marks Dr." Would it be possible to plan and extend the Hall County Water Line from Marks Drive into the Holly Hill neighborhood for potable water access for the entire community? Availability of a Hall County water line and placement of a fire hydrant would address water safety and long-term development needs. Thank you for your time with this planning question.
