POST OFFICE DRAWER 1435
GAINESVILLE, GA 30503

t: 770.531.6800 | f: 770.531.3945

Dear Citizens of Spring Street and New Holland,

DIRECTOR
Bill Nash, P.E.

With the new Publix shopping center project being constructed on Limestone Parkway, an access road was created on Victory Street to access Jesse Jewell Parkway.

ASSISTANT DIRECTOR
Jorge Gomez, P.E.

For safety reasons and at the request of area citizens, Hall County Public Works has evaluated and will proceed with implementing a one-way traffic pattern on Spring Street to minimize vehicle traffic and maximize safety. The Hall County Board of Commissioners is scheduled to officially take action at the September 9th (3 PM) and September 10th (6 PM) public meetings prior to work commencing.

ASSISTANT DIRECTOR
Bill King, P.E.

Once completed, vehicles will no longer be able to access Spring Street from Victory Street. The one-way direction will be from the intersection of Spring Street at Highland Street to Victory Street (see exhibit). Stop, Do Not Enter, and One-way signs, along with directional arrows on the pavement, will soon be installed to help direct traffic.

Please let us know if you have any questions regarding the proposed changes.

Sincerely,

Bill Nash, P.E.
Public Works and Utilities Director
