I'm writing to let you know that I am completely against any and all high density subdivisions on JM Turk Rd.

The fact that this is even being considered is ridiculous. I've live in Flowery Branch since 2011 and the unchecked growth that's been allowed the past few years is horrible.

This once quaint small town is completely ruined, not to mention the fact that we can't support any of this growth with our current infrastructure.

I hope this doesn't go through because I can't think of anyone, other than the people who are making money off of this, who are happy about it.
