Your Comments*

While we have empathy for the project Mr. Barnes is proposing, we have concerns about the potential impact to our area. We moved to this part of the county to avoid subdivisions, busy roads, and to take advantage of less congested schools for our young children. We fear the increased traffic and influx of families will negatively impact those qualities that drove us to purchase property and build our home in North Hall County. We are also concerned that the building of multiple new homes will significantly increase our tax burden, on top of the steep hike we have already seen over the last two years. I respectfully urge you to listen to the concerns of tax paying citizens in your district and vote no for the proposed project at 5552 Bogus Rd.
