**MEMORANDUM OF AGREEMENT BETWEEN
U.S. ARMY GARRISON, FORT BENNING, GA
AND
STATE OF GEORGIA COUNTIES
(DAWSON, FANNIN, GILMER, HALL, LUMPKIN, UNION, WHITE)
IM-W909H3-25-00X-MOA**

SUBJECT: All Hazard – All Emergency Mutual Aid Assistance Memorandum of Agreement

This All Hazard-All Emergency Mutual Aid Assistance Memorandum of Agreement ("Agreement") is entered into by, between, and among the political subdivisions located wholly or partially within the State of Georgia and United States Army Garrison-Fort Benning that by their signatures on duplicate original copies of this Agreement have consented to the terms of this Agreement (collectively, "the Parties.")

1. References. See Annex E and Addendum

2. Purpose. This Agreement creates a systematic approach to expedite local and regional mutual aid assistance, share information, and rapidly share and sustain emergency aid and resources between the U.S. Army Fort Benning, local governmental bodies, and regional emergency responders when organic resources and capabilities are exceeded by emergent situations, or when non-exigent circumstances have developed requiring pre-coordinated assistance.

3. Definitions.

a. Agreement – This All Hazard – All Emergency Mutual Aid Assistance Memorandum of Agreement, duly executed.

b. Assisting Party – The Party furnishing equipment, supplies, facilities, services and/or manpower to the Requesting Party.

c. Immediate Approval – Requests for support that require immediate approval when imminent loss of life, limb or eyesight is likely without additional assistance.

d. Pre-coordinated Approval – Requests for non-exigent support that are accomplished through deliberate staffing and higher-level authority approval.

e. Emergency – Any occasion or instance in which assistance is needed to reduce or eliminate an immediate threat to life, protect public health and safety, and to protect improved property that is significantly threatened due to disasters or emergencies.

4. Scope. The intent is to share professional personnel, specialized equipment, facilities, services, and any other resources required for support during an emergency or disaster. It is understood that the Agency requesting mutual aid will have exhausted the use of internal resources before requesting mutual aid from an external participating jurisdiction/agency. Specifically, a mutual aid request can be under exigent conditions to save lives, prevent human suffering, or to mitigate excessive property damage, or it can stem from a non-exigent situation requiring pre-coordinated support. The Incident Commander's (IC) primary means to formally request mutual aid assistance is through the applicable E-911 center. Understandably, agency heads may additionally communicate these requests informally among themselves. Request(s) for assistance will ultimately be approved by the appropriate jurisdiction/agency head. At Fort Benning, GA, the Garrison Commander serves as the approval authority for use of Fort Benning resources.

5. Understanding. The first responsibility of the parties to this Agreement is to the residents of their respective jurisdictions and to their respective agencies. There are two broad categories of support requests: **Immediate Approval** (when without assistance there is imminent loss of life, limb, or eyesight) and **Pre-Coordinated Approval** (accomplished through deliberate staffing and higher-level authority approval). Examples of Pre-Coordinated Approval may be event support or equipment loans using a lease arrangement.

6. Agreement. Parties to this Agreement will provide emergency first responder support and services to the maximum extent possible within the law.

a. Applicability. This Agreement applies to Fort Benning, GA, and the signatories on this Agreement. Overall command and control will occur through the Incident Command System (ICS). Responding agencies will report to the Incident Command Post, position their vehicles and equipment in a staging area, and the element leader will report to the IC on site. The element leaders will provide the IC with basic information about their capabilities and receive a briefing about the jurisdiction areas, tasks, and other relevant information concerning the incident and mission.

b. Standardization. National Incident Management System (NIMS). This Agreement requires participating jurisdictions, at their own cost, to adopt and fully implement a standardized NIMS as directed by Homeland Security Presidential Directive-5.

1) Participating agencies will implement the NIMS during all emergency responses.

2) Participating agencies will use plain language to ensure good communications among all participating agencies.

3) This Agreement shall also encourage cooperation between participating agencies in the development of standardized incident action plans for any hazardous, high occupancy, or industrial type sites or facilities. This Agreement encourages participating jurisdictions to conduct emergency or disaster-related exercises, testing, or

other training activities outside declared emergency periods to maximize response efficiencies and interoperability between participating agencies.

4) All participating agencies are invited and encouraged, on a reciprocal basis, to frequently visit each other's activities for guided familiarization tours consistent with local security requirements and, as feasible, to jointly conduct pre-planning and drills. In addition, participating agencies are invited and encouraged to:

- Conduct joint training, planning, and intelligence sharing and threat assessment development.

- Identify and inventory the current services, equipment, supplies, personnel, and other resources related to planning, prevention, mitigation, and response and recovery activities of the participating agency.

- Provide updated names, e-mail addresses and phone numbers as needed to implement an efficient and effective request/response.

- Maintain required NIMS personnel qualifications. Participating agencies will ensure that responding personnel meet the qualifications as established by the NIMS Integration Center. The qualifications of key personnel will be entered into a regional database and also entered into the NIMS Integration Center database. Each participating agency will ensure its personnel information in these databases is kept current.

c. Reimbursement. Each participating agency agrees that it will not seek reimbursement for normal immediate response operating costs from the agency requesting mutual aid assistance. For extended operations and planned events, each participating agency hereby recognizes that pursuant to the Section 11 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. § 2210) and Federal regulations issued thereunder (44 CFR Part 151), a participating agency is permitted to seek reimbursement for all or any part of its direct expenses and losses (defined as additional costs over normal operational costs) incurred in emergency services operations on property under the jurisdiction of the United States. Furthermore, under the authority of 42 U.S.C. § 1856a, and, pursuant to any applicable state or local law, each participating jurisdiction hereby reserves the right to seek reimbursement from the other agency for all or any part of the costs (defined as additional costs over normal operational costs) incurred in providing emergency services to the requesting mutual aid organization in response to a request for assistance.

1) Off-Post agency assistance to Fort Benning - For minor costs, the miscellaneous payment guide will be used to reimburse local governments. Payment under this process will be made via the Standard Form (SF) 1034, Public Voucher for Purchases and Services other than Personal. To ensure compliance with fiscal law, Fort Benning Directorate of Emergency Services (DES) will process a standing SF1034 before any services/incidentals are provided to ensure availability and obligation of

funds before services are rendered. After the incident/event, Fort Benning DES will submit an invoice for payment through the General Fund Enterprise Business System (GFEBS) with supporting documentation. The initial obligation can be adjusted to the actual amount at that time.

2) Fort Benning assistance to an off-post agency - When Fort Benning DES is required to provide reimbursable services in accordance with (IAW) this Agreement, the assisted agency must provide payment up front. Checks should be made payable to the "United States Treasury" and mailed to the DES Budget Analyst at:

Staff Budget Branch
Program Budget Division
Garrison RMO AMIM-BER-MB
7533 Holtz Street, Building 70, Suite 2085
Fort Benning, GA 31905

d. Insurance. Each party hereto shall procure and maintain, at its sole and exclusive expense, insurance coverage or a comparable self-insurance program, including comprehensive liability, personal injury, property damage, automobile, worker's compensation, and, if applicable, professional liability insurance.

e. Waivers. Each Party hereto waives all claims against other Parties hereto for compensation for any loss, damage, personal injury, or death occurring as a consequence of the performance of this Agreement, except those caused in whole or in part by the negligence of an officer, employee, or agent of another Party. No Party waives or relinquishes any immunity or defense on behalf of itself, its officers, employees, and agents as a result of the foregoing sentence or its execution of this Agreement and the performance of the obligations contained herein.

f. Immunity. All activities performed under this agreement are deemed hereby to be governmental functions. The U.S. Army and participating political sub- divisions/ agencies, including their employees acting in their official capacity, shall not be liable for the death or injury of persons, or damage to property when complying, or attempting to comply, with the agreement, except to the extent permitted by the Federal Tort Claims Act (28 USC 2671 et. al.) in the case of the U.S. Army or applicable state and/or local statutes in the case of political subdivisions/agencies. This Agreement provides no immunity, rights or privileges for any individual who is not requested and/or authorized to respond to an emergency or disaster on behalf of a participating agency.

g. Dispute Resolution. Should a dispute arise between participating agencies under or related to this Agreement, the participating agencies agree that within 30 days after notice of the dispute from one participating agency to the other, the participating agencies will attempt to resolve the dispute through negotiations. If such negotiations reach an impasse, the participating agencies agree that within 60 days of the date of the Notice of an impasse, the agencies will attempt to resolve the matter through any

method or combination of non-binding alternative dispute resolution (ADR) methods available under the Administrative Dispute Resolution Act of 1996, Pub. L. No. 104-320 (codified at 5 U.S.C. §§ 571-583). The selection of any neutral third party will be by agreement of the Parties, and the cost of any neutral third-party participant will be equally divided among the agencies with the dispute. If such ADR proceeding does not result in resolution of the dispute, the participating agencies may separately pursue any other lawful remedy. However, participating agencies agree that the initiation of formal litigation does not preclude further attempts at resolving the dispute through alternative dispute resolution methods. Participating jurisdictions agree that the terms of this clause will be considered the “Administrative Remedies” that must be exhausted prior to initiation of any formal litigation.

h. Public Information Releases. All media releases and statements will be mutually agreed upon and jointly handled according to participating guidelines. Press releases will conform to Department of Defense (DoD) press release guidelines. No information release will be issued without U.S. Army Public Affairs coordination and approval.

7. Requesting Support and Precedence.

a. Immediate Response. This Agreement may provide mutual aid capabilities under Immediate Response Authority criteria. This authority must be exercised IAW DoD Directive (DoDD) 3025.18 paragraph 4.i. *See also* 42 U.S.C. §1856b. The Fort Benning Garrison Commander is the release authority for immediate response mutual aid. Immediate Response Authority must generally meet the following criteria:

- 1) There is a request from civil authorities for assistance with imminently serious conditions.
- 2) Time does not permit approval from higher headquarters.
- 3) Immediate notification will be made to the chain of command.
- 4) It ends when the necessity expires and must be reassessed not later than 72 hours after the request was received.

During these extended operations with more structured Incident Command Posts and EOCs functioning, the Incident Commander or Operations Officer will redirect supporting agencies to the appropriate Points of Contact (POCs) within the EOCs. During a mutual aid request, the authorized requestor should provide the following information to the applicable E- 911 Center when requesting mutual aid assistance: (5Ws)

Cleanup and removal of contained hazardous materials will be the responsibility of the requesting mutual aid agency.

3. Key Points of Contact Rosters. Annex A of this agreement will be updated annually to ensure all agencies have accurate phone numbers to coordinate with one another.

ANNEX C

ANNEX D

(Police/Security Resources and Coordination)

1. Law Enforcement Equipment: DoD equipment can be provided to Civilian Law Enforcement Agencies (CLEAs) through lease agreements. Approvals vary depending on the purpose of the request: whether it is for responses to civil disturbances or for other purposes.

a. Civil disturbance: All emergency support to civilian authorities during civil disturbances must be approved by the Secretary of Defense (SECDEF).

b. Other purposes not including arms, munitions: Equipment requested for more than 180 days must be approved through the Office of the Deputy Chief of Staff of the Army and requests for less than 180 days may be approved by the Fort Benning Installation Commander. Lease agreements – For equipment, lease agreements must be established IAW AR 700-131 paragraph 2-9. These agreements are generally pre-coordinated due to the nature of the documentation and approvals. Reimbursement – Agencies must reimburse for all costs related to the lease as outlined in AR 700-131 chapter 5. Reimbursement provisions must be part of the written lease agreement. AR 700-131 para. 5-1 a.(2). See also 10 U.S.C. § 277.

2. Law Enforcement Personnel Support:

a. Military to Off-Post - Generally, use of Military Police (MP) and Department of the Army Civilian Police (DACP) off-post is prohibited by law (Posse Comitatus Act 18 U.S.C. § 1385). The purpose of the act – in concert with the Insurrection Act of 1807 – is to limit the powers of the federal government in using federal military personnel to enforce domestic policies within the United States.

b. Off-Post to Military - Pursuant to Title 10, section 2672(g) - Protection of buildings, grounds, property, and persons, the SECDEF may utilize the law enforcement resources of state and local authorities. This use may be memorialized in a formal agreement. The assistance provided to DoD components is subject to reimbursement. 10 U.S.C. 2672(g)-(h). Separate pre-coordinated agreements should be developed to support these types of arrangements.

3. Types of Law Enforcement Support:

a. **Military Working Dog (MWD) Support** – MWDs are generally available under exigent circumstances where loss of life, limb, or property is likely without additional support. This aid can be rendered when the requesting agency has exhausted internal and regional assets and the MWD asset is releasable without causing undue hardship to the military installations mission and security. MWD handlers may not perform direct contact, nor arrest or question the civilian public. The MWD Team (MWDT) should be isolated from the public as much as can practically be done based on the incident.

Neither the dog handler nor the MWD shall participate directly in law enforcement activities and may only provide support. When providing support to CLEAs, MWDTs will be accompanied by a representative from the requesting agency. There is a separate standing agreement for MWD support. If agencies intend to participate in this program, they should enter into this separate pre-coordinated agreement. Reference - IAW DoDI 3025.21 Enclosure 3, paragraph 1.d. See *a/so* DoDD 5200.31E, paragraph 4.f.

b. Transportation of apprehended suspects and prisoners - Upon notification and verification through the Georgia Crime Information Center/National Crime Information Center (GCIC/NCIC) of an active warrant, the law enforcement agency that entered the information (and verified the information) through the GCIC/NCIC will coordinate with the MP Desk Sergeant or Civil Liaison Officer for transfer of custody.

c. Information Sharing Concerning Service Members - The Fort Benning Military Police (MP) Desk Sergeant (706) 545-5223/5224 will be notified of off-post incidents involving Service Members, DoD Civilians and their family members as subjects, victims, or suspects of a crime in a timely manner that does not impede the investigative process. Military Commanders' interest may necessitate initial contact from the MP Desk to the arresting agency for an initial report; Commanders' interest is driven by unit readiness for conducting operations and training for mission execution. Upon notification of an actual or suspected incident of Domestic Violence or abuse occurring off the installation involving a Service Member, the MP Desk Sergeant will contact Family Advocacy Program/Behavioral Health (FAP/BH). Additionally, the Desk Sergeant will obtain a copy of the Civil Arrest/Incident report for generation of a Law Enforcement Report (LER) or Raw Data File (RDF) IAW the above procedures. The Civil Liaison Officer (706) 545-8480 will contact the civilian Law Enforcement agency that has jurisdiction for the purpose of obtaining a copy of the corresponding police report and any related documents available, if not already received by the MP Desk Sergeant.

d. Sharing Law Enforcement Reports - Procedures for transmitting incident and investigation reports and other LE information involving active-duty Service members from local civilian LE agencies to the installation LE office. LE information/incident reports can be sent to the MP Desk Sergeant via Fax at (706) 545-6670. Access to military records needed by a civilian Law Enforcement agency for investigation or prosecution of cases will be made available by the MP Administration Office IAW all applicable laws and regulation. Requests for records should be made through the Police Records Supervisor at (706) 545-2368, who in turn will arrange for the release of the necessary information.

e. Military Police Reporting Procedures -

1) MP Desk will receive the report from on and off-post sources and will implement proper notification procedures.

2) MP Desk will immediately make a journal entry of the report received.

3) Upon receipt of the written police report, the MP Desk will make a blotter report of the incident.

4) When telephonic notification from a civilian Law Enforcement agency is received, the Civil Liaison will follow up with the civilian Law Enforcement agency to obtain a copy of the initial report.

5) Blotter reports will be followed up by the Department of the Army Form (DA Form) 4833, the Commander's Report of Disciplinary or Administrative Action, which will then be sent directly to the company commander of the military service member.

6) Upon adjudication through civilian courts, the commander will complete DA Form 4833 and return a copy of the report to the Fort Benning Police Records Office. This report will cite all actions taken against or in favor of the military service member and/or family member involved in the off-post incident.

7) Request prior notification of release from civilian custody in order to coordinate whether pick up by Fort Benning Police or release on individual's own recognizance depending on the severity of the offense.

f. **Sex Offender Registry** - Notification of when a Soldier is required to register as a sex offender either through military judicial proceedings or civilian judicial proceedings.

g. **Civilian Protection Orders (CPO)** - Procedures for transmitting CPOs issued by civilian courts or magistrates involving active-duty Service members from local LE agencies to the installation LE office. The Civil Liaison Officer will contact the civilian Law Enforcement agency that has jurisdiction for the purpose of obtaining a copy of the corresponding police report and any related documents available, to include designation of the title of the local LE agency recipient of domestic violence and CPO information from the installation LE agency and sharing of information and facilities during the course of an investigation IAW 5 USC 552a (b)(7) (The Privacy Act of 1974).

h. **Military Protective Order** - Procedures for transmitting the Department of Defense Form 2873 (Military Protective Order) from the installation LE office to the local civilian LE agency with jurisdiction over the area in which the Service member resides. The Civil Liaison Officer will contact the civilian court that has jurisdiction for the purpose of obtaining a copy of the corresponding police report and any related documents available.

i. **Access Control Point (ACP) Closure** - Agencies may be requested to assist with the ACP closure during emergency periods or in case of a special event. In the event of a change of the Force Protection level, there may be significant backups at the Main Gate ACP. These events could cause impacts on the local community to include the

complete shutdown of some roadways. During these times local jurisdictions may need to provide Law Enforcement support to assist with traffic control or rerouting of traffic all together. An emergency access location will be established for local support based on the incident location at the time of the incident.
