

## JUDICIAL COUNCIL ARPA GRANT APPLICATION BASIC INSTRUCTIONS

Please read the **Overview and Instructions** posted under Quick Links at <https://jcaoc.georgiacourts.gov/arpa/> for full details beyond the Basic Instructions presented below.

### **(B) CASE BACKLOGS REQUIRED TO JUSTIFY ARPA FUNDS**

All applicants must objectively demonstrate that case backlogs exist to qualify for ARPA grant funds or continued funding. *All expenditures requested in this application must be “reasonably proportional” to the applicant’s objectively demonstrated need to address case backlogs, with priority given to serious violent felonies (as defined in OCGA § 17-10-6.1 (a)).* 87 Fed. Reg. 4,344; 4,388 (Jan. 27, 2022). When calculating the need for additional resources to respond to case backlogs, a court may provide statistics comparing its case volume from a “normal” pre-pandemic year (e.g., case volume in 2019) to its current case volume. Applicants should also identify what portion of case backlogs are serious violent felony cases, as defined in OCGA § 17-10-6.1 (a).

### **(D) ARPA GRANT FUNDS REQUESTED OR RECEIVED FROM OTHER SOURCES TO ADDRESS CASE BACKLOGS**

*Applicants (except appellate courts) must also request ARPA funds from their respective county governments.* For ARPA grant funds requested or received by any court or other entity included in this application from any other sources (including a county, municipality (to include a “nonentitlement unit of local government”), or an eligible non-profit entity), attach documentation explaining how requested, received, expended, or obligated funds have been or will be used, including whether such funds have been or will be used to address the backlog of serious violent felonies, as defined in OCGA § 17-10-6.1 (a). *Also attach any correspondence to and from each county from which ARPA funds were requested.*

### **(E) ARPA FUNDS BY EXPENDITURE CATEGORY (EC)**

#### **(E) (1) Payroll-Public Sector Staff Responding to Case Backlogs (EC 3.1)**

*More than 50 percent of total personnel costs awarded each calendar year under this EC must be dedicated to responding to serious violent felonies, as defined in OCGA § 17-10-6.1 (a).* As used in (E) (1) (c), “total personnel costs” means the subtotal of funds requested under section (E) (1) only, as stated in (E) (1) (a). To get the percentage used in (E) (1) (c), divide the amount provided under (E) (1) (b) by the amount provided in (E) (1) (a).

**New or existing** staff may be used to respond to case backlogs, with priority given to serious violent felony cases (as defined in OCGA § 17-10-6.1 (a)). *However, only payroll for time spent actually responding to case backlogs may be reimbursed with ARPA grant funds.* 87 Fed. Reg. 4,341; 4,388 (Jan. 27, 2022) (Eligible use must “respond to the identified negative economic impact” of the pandemic, “e.g., backlogs in court systems”). This includes payroll of new personnel hired to backfill existing personnel responding to case backlogs (prioritizing cases involving serious violent felonies). Therefore, time spent responding to case backlogs (or backfilling others so they can respond) must be tracked and documented for reimbursement and auditing purposes.

Per U.S. Treasury Compliance and Reporting Guidance, federal “EC 3.1” is reserved for “Public Sector Workforce” payroll and benefits, so (E) (1) must exclude contractors, which fall under federal administrative ECs “3.5” and “7.1.” 31 CFR § 35.6 (b) (3) (ii) (E) (1). To categorize contractors correctly under federal guidance, request contractors responding to case backlogs generally (i.e., not performing mental health, substance use, or eviction prevention diversion services) under (E) (6), which corresponds to federal administrative expenditure ECs “3.5” and “7.1.” 31 CFR § 35.6 (b) (3) (ii) (E) (3)-(4).

**(E) (2) Court-Based Mental Health Diversion (EC 1.12)**

Per Executive Branch limitations, ARPA funds for court-based mental health diversion services must: (a) respond to case backlogs; and (b) conserve staff time and resources to respond to case backlogs of serious violent felony cases, as defined in OCGA § 17-10-6.1 (a). Accordingly, for purposes of this expenditure category, grant applicants *must provide a numerical estimate* in the description regarding the staff hours and resources court-based mental health diversion services will conserve so staff may respond to serious violent felonies. As used in this section, “numerical” means containing one or more of the number symbols 0, 1, 2, 3, 4, 5, 6, 7, 8, or 9; e.g., 20 hours of staff time per week, 18 percent of a judge’s caseload, or some other numerical measurement. *Please also note that ARPA funds allocated to the Judicial Council may be used for court-based services only and not for out of court mental health treatment services.*

Contractors performing court-based mental health diversion services to respond to case backlogs must be requested under (E) (2) and not (E) (6) because federal “EC 1.12” applies to “Mental Health Services” generally. 31 CFR § 35.6 (b) (3) (i) (C).

**(E) (3) Court-Based Substance Use Diversion (EC 1.13)**

Per Executive Branch limitations, ARPA funds for court-based substance use diversion services must: (a) respond to case backlogs; and (b) conserve staff time and resources to respond to case backlogs of serious violent felony cases, as defined in OCGA § 17-10-6.1 (a). Accordingly, for purposes of this expenditure category, grant applicants *must provide a numerical estimate* in the description regarding the staff hours and resources court-based substance use diversion services will conserve so staff may respond to serious violent felonies. As used in this section, “numerical” means containing one or more of the number symbols 0, 1, 2, 3, 4, 5, 6, 7, 8, or 9; e.g., 20 hours of staff time per week, 18 percent of a judge’s caseload, or some other numerical measurement. *Please also note that ARPA funds allocated to the Judicial Council may be used for court-based services only and not for out of court substance use treatment services.*

Contractors performing court-based substance use diversion services to respond to case backlogs must be requested under (E) (3) and not (E) (6) because federal “EC 1.13” applies to “Substance Use Services” generally. 31 CFR § 35.6 (b) (3) (i) (C).

**(E) (4) Court-Based Eviction Prevention and Diversion (ECs 2.2, 2.18)**

Per Executive Branch limitations, ARPA funds for court-based eviction prevention and diversion services must: (a) respond to case backlogs; and (b) conserve staff time and resources to respond to case backlogs of serious violent felony cases, as defined in OCGA § 17-10-6.1 (a). Accordingly,

for purposes of this expenditure category, grant applicants *must provide a numerical estimate* in the description regarding the staff hours and resources court-based eviction prevention and diversion services will conserve so that staff may respond to serious violent felonies. As used in this section, “numerical” means containing one or more of the number symbols 0, 1, 2, 3, 4, 5, 6, 7, 8, or 9; e.g., 20 hours of staff time per week, 18 percent of a judge’s caseload, or some other numerical measurement. *Please also note that ARPA funds allocated to the Judicial Council may not be used for direct payments to landlords or tenants.*

Contractors performing court-based eviction prevention and diversion services to respond to case backlogs must be requested under (E) (4) and not (E) (6) because federal ECs “2.2” and “2.18” respectively apply to “Household Assistance: Rent, Mortgage, and Utility Aid” and “Housing Support: Other Housing Assistance” generally. 31 CFR § 35.6 (b) (3) (ii) (A) (1), (5).

### **(E) (6) ARPA-Eligible Administrative Expenses (ECs 3.5, 7.1)**

Describe proposed ARPA-eligible administrative expenses in the space provided. Contractors performing mental health, substance use, or eviction prevention diversion services must be requested under (E) (2), (3), or (4) respectively. All other contractors responding to case backlogs and contractors performing grant administration must be requested under (E) (6). 31 CFR § 35.6 (b) (3) (ii) (E) (1), (3)-(4).

#### *Grant Administration Payroll*

Please request all grant administration personnel, including staff and contractors, under (E) (6) ARPA-Eligible Administrative Expenses. Do not request grant administration personnel under (E) (1) Payroll-Public Sector Staff Responding to Case Backlogs.

#### *Supplies, Materials, and Equipment*

ARPA funds are authorized for supplies, furniture (valued at under \$5,000), and equipment (valued at under \$5,000; e.g., monitors, computers, *authorized* software licenses, phones, and printers) that are necessary for personnel to respond to case backlogs or perform ARPA grant administration. If valued at under \$5,000, such expenditures are generally classified as non-capital permitted expenditures and should be listed under (E) (6) and in the Administrative/Indirect Costs section of the **ARPA Budget Form** posted under Quick Links at <https://jcaoc.georgiacourts.gov/arpa/>. *Grant recipients should rent equipment (if possible, practical, and cost-effective) to avoid violating the prohibition on purchasing permanent infrastructure.* Special rules apply to software and audio-visual equipment, as explained below. See **FAQ 28.2** for procurement guidance.

#### *Software*

Effective July 26, 2023, the following are an ARPA-eligible expenditure: (1) legal research software for ARPA-funded staff attorneys and prosecutors; and (2) digital evidence management software. Per OPB requirements, however, the purchase of such software is subject to competitive procurement procedures regarding the purchase of equipment, supplies, services, or other items with public funds. *Basic computer operating and word processing software remains an ARPA-eligible expenditure. No other types of software are currently authorized.* See **FAQ 28.2** for procurement guidance.

### *Audio-Visual Equipment*

Effective December 8, 2022, audio-visual equipment modernization in *existing* permanent courtrooms is an ARPA-eligible expenditure and not subject to the OPB prohibition on capital expenditures mentioned above. *Movable or temporary* audio-visual equipment for temporary courtrooms must be requested under (E) (6), not (E) (7). The purchase and installation of permanent audio-visual equipment (i.e., fixtures) in *existing* permanent courtrooms must be requested under section (E) (7) and is subject to specific rules and procedures.

#### **(E) (7) Audio-Visual Equipment Modernization (ECs 3.5, 7.1)**

On December 8, 2022, the ARPA Committee approved audio-visual equipment modernization in *existing* permanent courtrooms as an eligible expenditure, subject to certain rules and procedures. See the **Audio-Visual Equipment Modernization Policy** and the **Overview and Instructions** posted under Quick Links at <https://jcaoc.georgiacourts.gov/arpa/> for details and restrictions. Use the AV Policy checklist provided in (E) (7) (c) to assist with compliance. See **FAQ 28.2** for procurement guidance.

Per federal regulations and OPB requirements, audio-visual modernization costs must be *necessary, reasonable, and proportional* to the objectively demonstrated need to respond to case backlogs caused by the pandemic, with a primary focus on cases involving serious violent felonies. No staff or contractor positions should be requested under this EC, which is reserved for “audio-visual equipment modernization” expenditures only, as defined in the AV Policy. All personnel should be requested under sections (E) (1)-(4), (6) of this application. The overall ARPA-funded staff and contractor headcount in this application must be proportional to the number of courtrooms you intend to modernize to comply with federal regulations and OPB requirements. AV Policy § (d).

#### **(F) SUPPORTING DOCUMENTATION AND BUDGET FORM**

The **ARPA Budget Form** posted under Quick Links at <https://jcaoc.georgiacourts.gov/arpa/> must be submitted in an Excel spreadsheet format and *not* a .pdf file format. Copies of correspondence requesting county ARPA funds must also be attached, as well as any response to such request. If requesting funds under (E) (7), attach all documents required under section (b) (2)-(4) of the **Audio-Visual Equipment Modernization Policy** (posted under Quick Links at <https://jcaoc.georgiacourts.gov/arpa/>). Attach any other supporting documentation the ARPA Committee will need to review your application sufficiently and efficiently. Use the checklist provided in this section to assist with compliance.

#### **(H) SUBMIT APPLICATION**

The ARPA Grants Team will confirm receipt via e-mail and follow up with you regarding any issues with your application and next steps. Applications that are not timely completed during the application review window may need to be considered by the ARPA Committee in a subsequent application period. **(A) USE OF ARPA FUNDS SUMMARY**

*The Northeastern Judicial Circuit was awarded a total of \$1,680,497, in two separate cycles, for the year 2022, \$2.5M, in two separate cycles, for the year 2023, and \$1,870,431 for the year 2024/2025. The awards have been enormously helpful, as it included funding for a total of 5 new full-time positions across both Hall and Dawson Counties in 2024/2025.*

*The biggest barrier to implementation has been hiring. While several positions were filled within four weeks of the award, some ARPA-funded positions have taken as long as 8 months to make a hire. Additionally, every department and agency has faced unusually high levels of turnover in 2022 and 2023, and employees have consistently been shuffled around into new positions.*

*Administratively, the primary barrier to implementation has involved the Judicial Council clarifying grant reporting requirements. Significant staff resources are continuing to be spent on procedures and policies that are later revised, amended, or ended. Some of these challenges have receded, thankfully, but it continues to be an administrative strain. A lesser barrier*

*involved the task of coordinating funding across two counties where only one county may be designated to receive the reimbursement funds.*

*The availability of Senior Judges has been a concern, and something closely monitored as circuits across the state ramped up their requests. This circuit has mitigated that concern by relying heavily on local, qualified judges from other classes of court assisting in Superior Court.*

**(B) CASE BACKLOGS REQUIRED TO JUSTIFY ARPA FUNDS**

**(1) Description of Case Backlogs**

*Case backlogs have improved due to record-high clearance rates and fewer new cases being indicted or accused in Hall County. Pending case counts as of December 31, 2024, across both counties, are near pre-pandemic levels.*

*Most significantly, the circuit achieved a 162% clearance rate of serious violent felonies in 2024, as the courts prioritized those cases for trial and disposition. This was a result of the resources provided by ARPA and the extraordinary efforts of all involved.*

*When unindicted criminal cases are included, total pending caseloads have declined every year since 2022 and are now only slightly elevated above pre-pandemic numbers. As of December 31, 2024, this number is 7.5% higher than at the end of 2019.*

*In 2024, many pandemic-delayed cases moved to a post-adjudication stage as charges were resolved. However, these cases continue to create significant challenges for both counties in the circuit as census numbers in our Treatment Court programs and Probation departments have increased. This application reflects that shift, asking for increased resources in those stages of criminal resolutions.*

**(3) County Resources Provided to Courts**

*The judicial system has worked closely with officials from both Hall and Dawson counties to respond to the COVID-19 crisis and the ensuing challenges presented by the backlog of cases. While early funding conversations focused narrowly on federal relief funds, subsequent discussions have focused less on the specific funding source and more on the project need. This has allowed both counties maximum flexibility to qualify and administer their ARPA and CARES Act funding as they deem fit.*

*As eligibility guidelines from OPB became clear, the courts have focused requests to the Judicial Council's ARPA committee on temporary positions and spaces, while the counties have provided needed infrastructure and facility upgrades. In addition, both counties have funded permanent, additional pretrial officer positions as a result of the pandemic.*

*Specifically, Hall County Commissioners have funded the installation of broadband internet at the courthouse, the conversion of every single trial courtroom into a "hybrid courtroom" capable of facilitating remote video hearings, the purchase of new software, and the redesign of the circuit website to facilitate livestreaming and public access. Most significantly, capital funds have been approved to purchase a new office building to house growing staff, and to construct a new, expanded jury assembly room. It is unknown if any of the monies for these projects come from County ARPA funds.*

*Dawson County Commissioners have also provided funding to enable remote video hearings in each courtroom and funded new invoicing software to handle growing caseloads. It is unknown if any of the monies came from County ARPA funds.*

*Finally, in an effort to address staff shortages, both counties have considered and approved various pay increases and cost-of-living adjustments for employees.*

(4) Total ARPA grant funds *requested* from other sources: \$ 2,744,291.

(5) Total ARPA grant funds *received* from other sources: \$ Unknown.

(f) The following applies for this EC only (check one):

No changes to current award for CYs 2023-2025 (*type "No amendments." in the description box*).

Make changes to current award for CYs 2023-2025, as explained in the description box below (*describe only the requested amendments*):

No funds have been awarded for this EC for CYs 2023-2025, so the following describes a new request (*in the description box below, describe all requested expenditures in detail*):

No funds are requested for this EC (*type "N/A." in the description box*).

*This request renews what was previously awarded in 2025 with the exception of one position, Judicial Assistant, not continued and two new positions added. Every position requested will be used to prioritize serious violent felonies, with the exception of the Hall County Probation Officer and Sentence Writer.*

[Changes to Current 2023-2025](#)

**Judicial Assistant** – Decrease (CY23) by \$109,117 (\$8,117 to Court Reporter; \$55,000 to Probation Officer – Hall County (NEW POSITION); \$46,000 to Probation Sentence Writer–Hall County (NEW POSITION)).

**Court Reporter** – Increase (CY23) by \$8,117 from Judicial Assistant.

**Deputy Clerk** – Decrease (CY24/25) by \$13,161 (\$1,213 to Treatment Services Coordinator (NEW POSITION); \$10,000 to Juror Expenses; \$1,948 to Court Reporter Transcripts).

**Investigator, District Attorney** – Decrease (CY24/25) by \$2,899 to Treatment Services Coordinator (NEW POSITION).

**Administrative Assistant, District Attorney** – Decrease (CY24/25) by \$20,000 to Juror Expenses.

**Administrative Secretary, Pretrial** – Decrease (CY24/25) by \$13,756 to Court Reporter Transcripts.

**Deputy Sheriff (Dawson County)** – Increase (CY24/25) by \$9,000 from Probation Officer (Dawson County)

**Bailiffs (x5)** – Decrease (CY23) by \$40,000 to Juror Expenses; Decrease (CY24/25) by \$17,000 to Treatment Services Coordinator (NEW POSITION)

**Judicial Assistance (Senior Judges)**- Decrease (CY24/25) by \$15,000 to Treatment Services Coordinator (NEW POSITION)

**Probation Officer (Dawson County)** – Decrease (CY24/25) by \$44,000 (\$9,000 to Deputy Sheriff Dawson County; \$35,000 to Court Reporter Transcripts). Both positions have now been hired and the program is up and running. We plan to expend all \$132,000 by December 31, 2025.

**Two (2) New Positions:**

**Probation Officer (Hall County)**- Salaried at \$55,000 for the period June 1, 2025-December 31, 2025. Our current domestic violence caseload sits at 414 cases and is supervised by one PO. These cases require more intensive supervision than the typical case due to the increased potential for harm to Hall County residents. Additionally, the average caseload for the office is approximately 260 cases per officer which exceeds office best practices and is above industry standards for similarly situated offices. An additional officer would be assigned specifically to the domestic violence caseload, providing assistance in this critical area. Increased staff would also reduce the probationer to officer ratio, better equipping the office to provide the citizens of Hall County excellent service. These funds will provide the temporary assistance needed to hire one probation officer in June 2025.

**Probation Sentence Writer** – Salaried at \$46,000 for the period June 1, 2025-December 31, 2025. Recent case management system changes and updated processes have altered staff work flow in the courtroom. As a result, the number of personnel required to perform the functions in court increased. Due to the additional personnel required in court, office staff are frequently

*required to work in the courtroom, impacting on their ability to perform other duties. This can create delays in important administrative tasks. This position would be a supplement to current court personnel. These funds will provide the temporary assistance needed to hire one new sentence writer in June 2025.*

Changes to Current 2023-2025

*Case Manager (1) – Decrease (CY24/25) by \$5,200 to Case Manager (2).*

*Case Manager (2)- Increase (CY24/25) by \$7,700 (\$5,200 from Case Manager (1); \$2,500 from Operations Coordinator).*

*Operations Coordinator – Decrease (CY24/25) by \$2,500 to Case Manager (2).*

*Contract – Clinical Supervision – Decrease (CY24/25) by \$28,388 to Treatment Services Coordinator (NEW POSITION)*

One (1) New Position:

*Treatment Services Coordinator - Salaried at \$68,000 for the period June 1, 2025-December 31, 2025. Due to the restructure of treatment programming and the blending of counseling services for the Hall County Drug Court, Hall County HELP Court, and Hall County Family Treatment Court, Treatment Services has recognized the need to create a new Treatment Coordinator position to administratively supervise all counselors and treatment providers working for the agency. The Treatment Coordinator will work directly under the Assistant Director and will be the point of contact for all treatment-related issues, such as group coverage and treatment curriculum oversight and implementation, auditing and quality control of agency-wide counseling services, and weekly meetings with all counseling staff to ensure efficient communication across all programs. This position will be essential for ensuring that counseling services continue to run smoothly for the agency. These funds will provide the temporary assistance needed to hire one new sentence writer in June 2025.*

Additional Information

*The Northeastern Judicial Circuit is fortunate to have a robust accountability court system operated under the umbrella agency of Treatment Services.*

*One-hundred percent (100%) of the funds requested will be used for court-based substance use services, and one-hundred percent (100%) of funds will be used to conserve resources in order to prioritize serious violent felonies.*

*Numerically, this request will facilitate the removal of around 250 felony cases from the circuit's trial calendars this year, allowing the judges to prioritize serious violent felony trials. This represents approximately 15% of the circuit's projected felony filings. Every drug case that our Treatment Services agency is able to staff appropriately is a non-serious case directly removed from the court's trial calendars. The seven requested positions will not directly touch serious*

*violent felonies, since such cases are ineligible for Drug Court admission, but every hour devoted to diversion directly impacts the circuit's ability to prioritize serious cases for trial.*
