ASSISTANT DIRECTOR
Bill King, P.E.

Dear Terry Boomer,

As per your request, Hall County has evaluated the provision of sewer service for the subject property. Please be advised that the subject property falls within the City of Buford's Sewer Service District as per House Bill 489.

Should the City be unable or unwilling to provide sewer service, Hall County has a sewer line within feasible connection distance from your property. However, in order for Hall County to provide sewer service to your property, the City of Buford will need to provide written authorization.

Please note that if your request to the City of Buford is approved, the connection to Hall County sewer will be subject to all applicable fees (including tap fee) and permits.

If you have any questions or need more information, please call the Hall County Public Works and Utilities Department at 770-531-6800.

Respectfully,

William (Bill) H. King III, P.E.
