Please do not allow any amendments to this track of land. This could have been a much needed parcel of land for housing instead of a junk yard which is what it look like now. I'm not sure what goes on down there now other than it's a nuisance in many ways. In no way does it bring a clean wholesome look to this neighborhood like the Hall County Fire Station #17 did a few short months ago. It only brings in car haulers full of either wrecked vehicles or cheaply bought ones from all over to be band aided and sold to the unaware public. My family has owned this 1 acre on Bethlehem Church Rd. for 50 years and always paid taxes and stood behind its elected representatives, please consider that when hearing this case. Thank you for the advance notice by mail to this hearing.

This location is already operating a 24/7 location with vehicle sales and commercial vehicle storage/repair/sales. The increase in trash, traffic, light and noise pollution is within 100 yards of a church and multiple single family residences. They have shown that the location does not operate within normal zoning rules and approving their requests changes the overall use of the area. Condoning this zoning request allows them to continue to operate above the rules regardless of how the property is zoned. I would argue this full industrial operation should be accessed from a major road like lanier islands parkway. The around the clock operation is more suited for an industrial district. The transient nature of the users does not fit so close to residential areas.
