Re: Water Availability
Proposed Residential Development
4745 Cagle Mill Road
PIN: 15007 000254

Dear Mr. Bach,

The purpose of this letter is to reconfirm the availability of water service to the above referenced property.

The City of Gainesville owns and operates an existing 12-inch DIP water main in the right-of-way of Cornelia Highway (SR 365) across from the subject property. Currently, the City has adequate domestic water capacity to serve your proposed residential development.

This confirmation of water availability is good for one year from the date of this letter at which time, it will become null and void unless engineered plans have been submitted for issuance of a development permit.

Please call me at (770) 538-2452 should you have any questions.

Sincerely,

Nick Swafford

Nick Swafford, Permitting Services and GIS Manager
