
HCPC Tentative Agenda 9.2.25

From Emily McGahee (Environmental Health) <emcgahee@hallcounty.org>

Date Fri 8/1/2025 11:10 AM

To Katie L. Greenway (Planning) <klgreenway@hallcounty.org>; Kaitlyn Elliott (Planning) <kelliott@hallcounty.org>; Beth Garmon (Planning) <bgarmon@hallcounty.org>

Cc Kelly Hairston (Environmental Health) <khairston@hallcounty.org>; Chad Harper (Environmental Health) <charper@hallcounty.org>

Please find Environmental Health comments below:

Item 1, 3985 Mount Vernon Rd, Terry: All proposed structures must meet all residential permitting requirements and/or required setbacks to existing septic system. An existing system evaluation/site visit will be required for Environmental Health to process required paperwork for the building permit application. Please note that Zoning approval does not imply approval from other county departments.

Item 2, 1604/1608 Whiting Drive/1790 Browns Bridge Rd: Vargas: No comment. Public sewer.

Item 3, 7365 Bill Wilson Rd, Riddle: Must meet all residential permitting requirements. Original copy of Level 3 soil evaluation and copy of recorded plat will be required at time of septic permit application.

Item 4, 5303 Browns Bridge Rd, Sadegh: Must meet all Environmental Health commercial septic system permitting requirements. Further determination will be made during the civil plan review process. A detailed business plan must be submitted to Hall County Environmental Health for review. Additional items, including, but not limited to: recorded plat, soil evaluation, and septic system installation/modification may be required after review of business plan.

Item 5A/B, 2196 Centennial Drive: Food Service permit/plan review may be required after review of business plan.

Item 6A/B, 1119/1137 West Ridge, Elder: No comment. Public Sewer.

Item 7A/B, 6450 Ben Parks Road, Davis Engineering: All proposed lots must meet Hall County Board of Health Lot Size Resolution requirements. Any proposed lot utilizing onsite sewage management systems permitted by Environmental Health must have a minimum of 21,780 sf non-restricted lot size if served by public water or 43,560sf non-restricted area if served by individual wells. Community septic systems and/or community wells to be permitted by EPD. Please note that Zoning approval does not imply approval from other county departments. Further determination and review of proposed subdivision will be made during the plat review process and not during Zoning application/approval.

Item 8A/B: 2400 O'Kelley Road, Project Turbo: Must meet all Environmental Health commercial septic system permitting requirements. Further determination will be made during the civil plan review process. A detailed business plan must be submitted to Hall County Environmental Health for review. Additional items, including, but not limited to: recorded plat, soil evaluation, and septic system

installation/modification may be required after review of business plan. Any abandoned well shall be properly closed as per Water Well Standards Act. Any abandoned septic tank shall be pumped by a State certified pumper/hauler and crushed/filled.

Item 9A/B, 4527 JM Turk Road, Mulberry Springs Winery: Must meet all Environmental Health commercial septic system permitting requirements. Further determination will be made during the civil plan review process. A detailed business plan must be submitted to Hall County Environmental Health for review. Additional items, including, but not limited to: recorded plat, soil evaluation, and septic system installation/modification may be required after review of business plan. Food Service permit/plan review may be required after review of business plan.
