Dear Reviewing Department,

Please be advised that Item #6 – 2017 Athens Highway, scheduled for the January 8, 2026 Board of Commissioners meeting, includes an additional component: Part C, a variance request related to the required buffer.

- No changes have been made to the overall site plan or the original request.
- Staff identified the need for this variance during review and is providing the submitted variance application and statement of hardship for your reference.
- The variance request (Part C) seeks to reduce the required 25-foot buffer to 0 feet along the eastern property line of the flagpole portion of the lot.

This request is in addition to the following:

- Part A: Rezoning from AR-1, R-1, and H-B to H-B
- Part B: Special use request to allow outdoor storage (major) within the GCOD

Please refer to the attached updated tentative packet for full details.

Note: The variance request applies only to the buffer requirement. No other variances have been requested at this time.

Kindly update your comments accordingly, if applicable. Let us know if you have any questions or need further clarification.

Thank you,

Vamsee Polamarasetty
