

**STATEMENT OF HARDSHIP**

The Hall County Planning Commission has the authority, in specific cases, to grant variances from the terms of the Zoning Regulations when the variance will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the Zoning Regulations will, in specific cases, result in unnecessary hardship and so that the resolution shall be observed, public safety and welfare secured, and substantial justice done. The authority to grant such variances shall be limited to those instances where a hardship is clearly established as required by the Zoning Regulations.

In all cases involving requests for residential variances from the terms of the Zoning Regulations, a plat or survey of the property prepared by a registered surveyor, architect, or engineer shall be required. In all cases involving variances for commercial or industrial uses of land, a site plan of the property prepared by a registered surveyor, architect, or engineer shall be required. Variances may be granted only upon a finding by the board that:

**Describe how each situation listed below relates to your application:**

1. There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape or topography (the hardship must relate to the physical character of the lot and not to a personal or economic hardship).

Already an existing drive on property and is the main point of access to the property as well as the overall property width does not allow for the buffer to be present.

2. The application of the requirements of this resolution to this particular property would create an unusual hardship.

No, the existing drive is already in this of the property.

3. Such conditions are peculiar to the particular piece of property involved and not common to other properties in the neighborhood. That is, the application of the regulation would deprive the applicant of the rights commonly enjoyed by others in the neighborhood.

The narrow width of the property at the location of the existing drive, would not allow adequate access to the property

4. Such conditions are not the result of any actions of the property owner.

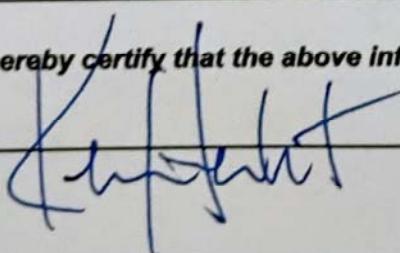

No, The drive is existing and currently provides access to the on-site detention pond.

5. Relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of this resolution provided; however, that no variance may be granted for a use of land or building or structure that is prohibited by this resolution. For example, granting the variance would not confer any special privilege that is denied by this regulation to other property in the same zoning district.

The driveway is existing and currently in use. The proposed modifications are minimal, as we are only widening the existing drive. This change will not create any negative impact or detriment to the public.
