Good morning I am sending a letter in regards to the Flowery Branch Winery issue.
This concerns me and my neighbors greatly because we are literally living with them all around us.
We hear the noise now and if they are allowed to host weddings and events all the time on a larger scale we will have constant noise.
They are basically in my backyard now and they should not be allowed to have a business like this in a residential area.
How are people going to ever have peace and quiet?
These are peoples homes! That road is very small and the constant traffic will be horrible and when people are drinking they get louder and drive drunk in a residential area.
This should be thought about logically and carefully.
People will not be able to sell their homes if they live with a noisy venue all around them.
There's nothing good about this for the neighborhoods all around we will suffer greatly for their profit!
Thank you for considering my opinion.
