Good morning, I am writing to let you know that we are against a 30 bed group home that is currently being used on Mountain View Rd in Oakwood. My husband and I live on T Moore Rd and have seen several strangers wandering through our neighborhood. Our neighbors have witnessed fights in the yard and teenagers wandering through the streets. It has also come to our attention that the house isn't zoned for a group home and is run by Free Chapel. We aren't against people with additions trying to fight their disease but moving them into a home that was built for a few

adults and placing 30 beds isn't what we want to witness outside our neighborhood. Please shut this down and insist that the church move these individuals to a facility that is made for recovery and supervised.

Thanks for your consideration.
