Denial, as the proposed zoning is inconsistent with the "Rural Neighborhood" future land use classification within the Comprehensive Plan. However, if the Commission chooses to approve this request, staff recommends the following conditions:

1. The property shall be developed in accordance with the site plan dated April 27, 2026, and narrative received April 28, 2026, modified as necessary for compliance with conditions herein and development standards enforced at the time of site plan approval.
2. No variances or development exceptions are granted as part of this request that are not explicitly granted by Board approval. The development shall be compliant with the Unified Development Code of Hall County.
3. The applicant shall identify the entity responsible for ownership and maintenance of all required open space and common facilities within the subdivision. Should a Homeowners Association (HOA) be established, membership in the HOA shall be mandatory for all property owners within the subdivision and for all future successors.
