I am writing in full support of Robert and Suzi Lewis's request to return the subject property on Ben Parks Road from PCD to its original AR-1 zoning.

As the petitioner who challenged the original rezoning, my position has remained consistent from the beginning: this property should remain AR-1, in keeping with the surrounding rural residential community and the character of Ben Parks Road.

My petition was never about preventing the reasonable residential use or sale of this property. In fact, it specifically contemplated resolution of this matter if the Board corrected the zoning at issue. Returning this property to AR-1 accomplishes exactly that.

I respectfully ask the Board not to allow my pending litigation to be used as a reason to delay or deny the property owners the zoning they are requesting. I support their request. It is consistent with the relief I have sought, and there is no conflict between their request and my position as petitioner.

This is an opportunity to resolve a difficult matter in a way that respects the property owners, the surrounding community, and the original rural residential character of this land. I respectfully urge the Board to approve the return to AR-1.
