Good afternoon! My husband and I live in the cove with The Ark and I want to give my comments to the committee. We have owned our home here since 2007 and have seen lots of changes to Gainesville in general and our neighborhood specifically. While we are not on the same street as The Ark, sound travels across water very well. We often hear laughter and music from guests, however; this just brings us joy. Jeff and staff do a tremendous job of containing the noise, adhering to the time cutoff and any other issues that might arise from guests while on property. We do NOT have an issue at all with The Ark and I'm sure Jeff will continue with his diligent monitoring and address any issues that affect the neighbors. Thank you for your time and for helping to solidify the permits and restrictions to everyone's satisfaction. Thank you!
