I wanted to provide a written email of my wife's and my support for the rezoning at The Ark. We our friends with all of our neighbors in the neighborhood. We have communicated, socialized and worked with Mr. Jeff Hylton frequently. We have found him and his team to be nothing short of professional, respectable, and accommodating to all aspects of our neighborhood and our respective neighbors. We understand what the zoning entails and are in support of Jeff's intentions as we know them to be of good nature. The Ark provides opportunities for families and other groups to be able to stay and enjoy the lake as well as Christian and support groups that might need a retreat in order to work through some of their concerns from time to time. Jeff has provided The Ark to do such things.

With that being said, we understand that the rezoning accommodations will further help him in that cause and support the request to be passed. We also understand there are neighbors that are against it and we respect those positions as well. We are a neighbor in close proximity to The Ark and have seen Mr. Hylton go out of his way to accommodate the neighborhood spirit and accommodate the request of the neighbors wow at the same time facilitating the purpose of The Ark. We find Mr. Hylton to be respectful, honoring, accommodating, and incredibly responsive and proactive in dealing with potential issues that might arise from time to time. We feel that going forward that will continue and have no problem supporting the request

Thank you
