Your Comments*

I'm a resident of the neighborhood that is being used for an antenna and single family residence. Our neighborhood is peaceful, no traffic and there are a lot of kids playing around the neighborhood. Our neighbors are friendly and play on the streets and we wouldn't want traffic causing a commotion and endangering our kids playtime. The antenna that they plan on constructing will devalue our property. We don't know the negative consequences that the antenna could do; it could cause radiation and we don't want any of that. Also, there is an elementary school that is nearby that could affect them as well. I hope you will consider our comments and concerns about having this built near us. There are many commercial sites nearby that could be used to build this. Please help us avoid this issue. Thank you.
