Good morning I would like to share with you my support of the Ark on Lake Lanier. If a new designation as an event facility would allow them to further support the community, nonprofits, and help with making long lasting memories for families and businesses, I think this would be a good thing to pass.

I do know they are extremely particular and vet all who want to use their facility as they have spent hundreds and thousands of dollars on upgrades and keeping the facility well maintained and safe.

There can always be a caveat that states the noise ordinance, cap it at a max quantity of people and any other rules that would help maintain the true reason for this classification as an event facility.

Ms. Berly West Baker
