Hall County Commissioners and Planning Department,

I am writing to express my strong support for The Ark on Lake Lanier and their application regarding event facility operations and the overflow parking lot across the street.

The Ark is a vital community asset that provides a peaceful space for families, churches, ministries, and local non-profits to retreat, heal, and connect. Their request to host gatherings and utilize overflow parking is a reasonable, well-managed effort to continue serving our community responsibly without causing disruption.

I strongly encourage the Board of Commissioners to approve their application so they can continue their meaningful work in Hall County.

Thank you for your time and service to our community.

Sincerely,

Jeff Hicks
