As a lifelong resident of Hall County, I fully support the rezoning application of Jeff Hylton's property known as The Ark. I have been to several events there and find it to be a unique and needed asset in Hall County. I know Jeff personally and believe that not only is he reasonable, but I also believe that he would do nothing that would adversely impact his neighbors. I realize that there may be inconveniences at times but he has operated The Ark as is for a number of years without issue. Had the county not asked him to make this application, no controversy would exist. The property in question for parking is owned by him as well.

I look forward to a positive outcome after considering the situation, history and circumstances surrounding the application.

Best regards,

Will Hicks
