To whom it may concern,

I am writing in regard to the board of commissioners meeting tomorrow in support of the Ark on Lake Lanier.

I have a unique perspective, as the Ark is not only a place I have vacationed, but it was also at one point my home. Over the course of the last almost 20 years, I've watched my dad, Jeff, work hard to transform what was a dated and forgotten house and turn it into a true place of peace and positivity for both our family and the world around us.

The lives that have been touched and changed for the better at the Ark are countless, and an approval means its positive impact will only be broadened. I hope you will consider the good that will continue to be done when making this decision.

Thank you,
