To whom it may concern,

My name is Chris Marston and I live off of Chestatee Cut Off (just around the corner from the Ark).

I simply wanted to share my belief that the Ark adds way more to our community/ Hall County than most understand. Through their out- reach programs, this facility is a place for people to come together and build relationships- not tear them down.

Some may be concerned about the risk for increased noise levels- but I assure you, in my 5 years living in my home, I hear more noise from my neighbors than I ever do from the ARK. Whether it's music playing off their decks/docks or grandchildren running around- that is lake life- we are here to enjoy ourselves- have a place our friends and family can come together and have some fun! It just isn't true for someone to suggest the ARK isn't part of that type of community- I want to be a supporter of any business/place that wants to bring people together for common good- and you should too.

Thank you for the time and consideration you will put into (or have already) your decision- I hope you support an organization that their only purpose is to make a positive impact on the world.

Sincerely,

Chris Marston
